Docket: NRC-2012-0246

Consideration of Environmental Impacts on Temporary Storage of Spent Fuel After Cessation of Reactor Operation

Comment On: NRC-2012-0246-0456

Waste Confidence - Continued Storage of Spent Nuclear Fuel; Extension of Comment Period

Document: NRC-2012-0246-DRAFT-1157

Comment on FR Doc # 2013-26726

Submitter Information

Name: Pam Krimsky

General Comment

Creating dangerous spent radioactive fuel rods and having no real way to move them out of this highly populated area was misjudgement and irresponsible on the NRC's part. Since this garbage is so potent and dangerous, it is absolutely vital to this region, the nation and the world, that you find ways to encapsulate all the necessary parts of Indian Point the absolute best way you know and close the plant down now
