SUBJECT: ACCEPTANCE FOR REVIEW, ANNUAL SURETY UPDATE, URANIUM ONE USA, INC., WILLOW CREEK PROJECT, CAMPBELL AND JOHNSON COUNTIES, WYOMING, TAC NO. J00714, DOCKET # 040-08502

Dear Mr. Winter:

Contained within the Annual Report dated August 2013, Uranium One USA, Inc., submitted its annual surety update for the Willow Creek Project in Campbell and Johnson Counties, Wyoming. The Annual Report is in NRC's Agencywide Documents Access and Management System (ADAMS) as package ML13309B588, and supporting material contained on two CD's are in ADAMS as package ML13298A731. There was a delay in entering the Annual Report into ADAMS due to the incorrect formatting of CD's contained within the original submission of the Annual Report. The CD was replaced by Uranium One in a letter dated October 10, 2013. NRC staff has found the surety update acceptable for review and expects to transmit any requests for additional information by February 28, 2014.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
