Just so you know, once I notify the vendor of a need to put a document in or back into the ERR, it can be done within an hour.

Also, on the call today I informed Manny we are having to reduce the size of the electronic reading room before the end of the year. I have attached a list of items which I was planning to remove tomorrow. However, since I saw Alex's SME subject I thought I would give you/him a veto for items he may need that I had designated to be removed.

Thanks

He was removed back in August. I think I did not recognize him or his company, but I do not remember for sure. We can add him back in today.

Is his email still: auriarte@icfi.com

Sorry for the inconvenience.

Steve

One of our SME's, Alex Uriarte, is having trouble accessing the electronic reading room. I thought he was on the list. Could you let me know if he has access.

Thanx
