SUBJECT: LETTER OF APPRECIATION

Dear Mr. Swank:

I would like to thank you for supporting our visit to the campuses of Indiana University-Purdue University Indianapolis, the Indiana University Medical Center, and Methodist Hospital on December 13, 2013. The opportunity allowed me and my colleagues to observe firsthand the important activities conducted under your U.S. Nuclear Regulatory Commission (NRC) radioactive materials license.

I greatly appreciated your and your staff's openness and candor regarding the NRC's oversight processes, upcoming regulations, and the cumulative effects of regulations on licensees. By interacting with licensees in the field, we gain valuable information on our regulatory processes.

I specifically would like to highlight the outstanding support we received from your Radiation Safety Officer, Mack Richard, and his radiation safety staff.

Sincerely,

/RA/

Michael F. Weber
Deputy Executive Director for Materials, Waste,
Research, State, Tribal and Compliance Programs
