The question to be discussed should be, how do we stop making nuclear waste? The answer is don't make it — We/need that forty or fifty years ago — Why were we not listened to then? That is the question. In all this time NRC has learned how to run a meeting.

Now that we are in this mess-
We must proceed to develop
wind energy, solar & find
other ways to live. We must be
guardians & protect this beautiful
earth that we are to care for-
This is a monumental job but
it is what we need to do-
Clean up this terrible mess we
have created, conserve & enjoy-
