6. It's hard to feel "listened to" when we're hearing the same as 35 years ago.
7. The pro-nuclear speakers seemed scripted & were often employees of PG&E.
8. The NRC staff keeps telling us the same things, &

& that we should stop creating more spent fuel now!

New

We should never have taken uranium out of the ground. But since we have, the only responsible thing is to stop doing it and invest is solar~~fuel~~ wind & other clean energy sources. Jobs and retraining will boost the economy. Our children will thank rather than curse us.

Go to dry cask storage as rapidly as possible!
