Provision of industry developed guidance to support the Onsite Emergency Response Capabilities Rulemaking

SUMMARY

On 01/06/13 (4:00PM), Sue Perkins-Grew called Stewart Schneider (NRR/DPR) to inform him that the BWR/PWR Owner's Groups would not give NRC staff access to their e-portal to review the revised EPG/SAG guidance prior to the public workshop planned for late February 2014. NRC staff will be given access to the e-portal at that meeting. NRC staff had previously asked for immediate access to the e-portal to look at the revised guidance to support the development of the On-site Emergency Response Capabilities rulemaking.
