To: All PSEG ENVIRONMENTAL MAILING LIST ADDRESSEES

SUBJECT: REQUEST FOR PREFERENCE FOR RECEIVING CORRESPONDENCE AND OTHER DOCUMENTS (VIA REGULAR MAIL OR ELECTRONIC DELIVERY) ASSOCIATED WITH THE ENVIRONMENTAL REVIEW OF THE EARLY SITE PERMIT APPLICATION FOR THE PSEG SITE

The U.S. Nuclear Regulatory Commission (NRC) is conducting an environmental review for an early site permit application for the PSEG site. You are receiving this letter because you requested to be included on the mailing list for the PSEG ESP environmental review. By providing your name and mailing address to the NRC, you have elected to receive a courtesy copy of all publicly available correspondence sent from the NRC regarding the PSEG ESP project review via regular mail.

In an effort to keep the environmental mailing list current and to provide our stakeholders with the most up-to-date information concerning the PSEG ESP site application review in the most timely and efficient manner, the NRC staff invites you to elect electronic delivery through electronic mail (e-mail) as your primary means to receive correspondence and information in lieu of paper copies via regular post mail delivery. This initiative has also been prompted to help the NRC adhere to Executive Order 13101, "Greening the Government Through Waste Prevention, Recycling, and Federal Acquisition." NRC is committed to reducing waste through waste prevention, which is primarily achieved by reducing paper consumption with the increased use of electronic media programs and electronic communications.

The NRC is committed to providing information to interested stakeholders in the format of their choice; hence you can elect to continue to receive correspondence via regular mail, if desired.

Please contact Dr. Allen Fetter, Environmental Project Manager, to indicate your preference for receiving continued correspondence (either electronic or regular mail) from NRC associated with the PSEG ESP site project review. Dr. Fetter can be reached via email at Allen.Fetter@nrc.gov, or by telephone at 1(800) 368-5642 ext. 8556. Correspondence can also be sent via regular mail to the following address:

Dr. Allen H. Fetter
U.S Nuclear Regulatory Commission
Mail Stop T-6, C32
Washington, DC 20555-0001

When responding, please include your full name, email address for electronic delivery, and note that you are interested in receiving correspondence for the PSEG site ESP review. If you are unable to receive electronic communications or no longer wish to receive NRC correspondence, please indicate your preference to continue to receive hard copy correspondence instead of electronic communications or to be removed from the environmental mailing list. Please note, if the staff has not received a response within 45 days from the date of this letter regarding your interest and preference for receiving correspondence, your name will be removed from the environmental mailing list.

If you have any questions regarding this matter, please feel free to contact Dr. Fetter at (301) 415-8556 or (800) 368-5642, ext. 8556.

Sincerely,

/RA/

Jennifer Dixon-Herrity, Chief
Environmental Projects Branch
Division of New Reactor Licensing
Office of New Reactors

Docket No. 52-043
