SUBJECT: ANNUAL LETTER - GENERIC FUNDAMENTALS EXAMINATION (GFE) SECTION

The U. S. Nuclear Regulatory Commission (NRC) plans to administer the generic fundamentals examination (GFE) section of the written operator licensing examination on the following dates for the 2014 calendar year:

Date of GFE exams for 2014	Date registration letters from facilities due to NRC
March 5, 2014	February 3, 2014
June 4, 2014	May 5, 2014
September 10, 2014	August 8, 2014
December 10, 2014	November 7, 2014

To register personnel to take the GFE, an authorized representative of your facility must submit a letter to Mr. Victor M. McCree, Regional Administrator, Region II, with a copy addressed as follows:

Chief, Operator Licensing and Training Branch, NRR  
U.S. Nuclear Regulatory Commission

Your letter should identify the individuals who will take the examination, and it should certify that they are enrolled in a facility licensee-sponsored program leading to NRC operator or senior operator licensing and that they will have completed their fundamentals training by the date of the examination. The letter should also identify the personnel who will have access to the examinations before they are administered (e.g., proctors) and the address to which the examinations are to be sent. To allow the NRC to assign docket numbers, your letter should be received by both the NRC Regional Administrator and the Chief, Operator Licensing and Human Performance Branch, **30 days before each desired examination date** shown above. A sample registration letter is enclosed.

Copies of the administered GFEs and their answer keys will be available for review in the NRC's Public Document Room approximately 45 days following each examination. The NRC's GFE Web page (which is available at <http://www.nrc.gov/reactors/operator-licensing/generic-fundamentals-examinations.html>) will be updated semi-annually, approximately 60 days following the June and December examinations.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
