Gentlemen:

Subject: Docket Nos. 50-361 and 50-362
San Onofre Nuclear Generating Station
Units 2 and 3

In our letter of May 19, 1972, we agreed to periodically check the Public Document Room established by the USAEC at the San Clemente Public Library for the availability of certain documents pertaining to San Onofre Units 2 and 3. We have completed the eighth quarterly check and wish to advise you that the deficiencies noted in our letter of July 17, 1974 regarding incorporation of amendments in the PSAR and environmental report, the absence of an inventory of documents other than incomplete AEC Accession Lists, and missing Volume I of the San Onofre 1 Application for Permanent Operating License have not been corrected.

Also, as indicated in our letter of July 17, 1974, we are enclosing for your information a list of additional documents available in the Units 2 and 3 files subsequent to our previous quarterly check. The documents which were indicated to be missing in the attachment to the July 17, 1974
