Docket No. 03037019  
License No. 19-31085-01  
Control No. 582516

Dear Mr. Edwards,

This is in reference to your letter requesting termination of your NRC License, dated November 7, 2013. In order to continue our review, we need additional information. We need to verify that no contamination or radioactivity remains at the storage location listed on your license. If the following statement is true, please provide it in a signed letter: All sealed sources possessed by Greenhorne & O'Mara, Inc., and stored at its storage location at 111 Elkins Street, Fairmont, West Virginia, had been leak tested in accordance with the conditions of its NRC license (19-31805-01), and that no leaking sources were ever identified. Alternately, if this statement is not true, please contact my office.

This letter is necessary for us to terminate your license. You may submit the letter in electronic form (scanned copy of the original) via e-mail to me, fax it to our office at 610-337-5269, or send it via US Mail.

We will continue our review upon receipt of this information. Please reply to my attention at the Region 1 Office and refer to Mail Control No. 582516. If you have technical questions regarding this letter, please call me at (610) 337-5136.

*Please note that you may not reply to this letter by return e-mail; however, you may scan a copy of the original response letter and e-mail it to me. Alternately, you may reply in writing by letter (US Mail) or facsimile (610-337-5269).*

If you reply by US Mail, please address the response to: Licensing Assistance Team, US Nuclear Regulatory Commission Region I, 2100 Renaissance Boulevard, Suite 100, King of Prussia, PA 19406-2713, and include the Mail Control No. 582516 for reference.

If we do not receive a reply from you within 30 calendar days from the date of this e-mail, we will assume that you do not wish to pursue this action and it will be abandoned.

Thank you for your cooperation.
