Jessica,

Attached is ML102310359, which is the NRC transmittal letter for the Draft SER for Chapter 9 (ML102310346).

This transmittal letter contains the statement that “the NRC will withhold the SE from public disclosure for ten calendar days to allow STPNOC the opportunity to verify the staff’s conclusion that the SE contains no such exempt information or any factual errors.”

I confirmed that STPNOC (now NINA) did not send the NRC a request to withhold any proprietary information related to ML102310346.

If this is not sufficient to resolve your issue, please contact me and I will keep looking.
