RE: Bond Amount for Permit No.777, Uranium One's Moore Ranch ISR Projed

Dear Mr. Winter:

The information presented in the 2012-2013 Annual Report for Permit No. 777 has been reviewed by the Land Quality District III staff. In accordance with W.S. §35-11-411(d) the bond amount is set at \$3,057,000. This represents no change from the current amount.

This bond amount is based only on an estimate of the cost of the state performing reclamation in the event of bond forfeiture. If this estimate proves to be less than the amount required, the Department will bring suit to recover the additional cost as allowed under W.S. §35-11-422.

Should you have any questions, please contact your permit coordinator, Luke McMahan in the Sheridan District III Office at (307) 675-5619.

Sincerely,

Deputy Director, Department of Environmental Quality
Administrator. Land Quality Division
