SUBJECT

Call to discuss BWROG and PWROG meetings with NRC staff in March/April 2014, on EPG/SAG guidance needed to support the Onsite Emergency Response Rulemaking (NTTF Recommendation 8)

SUMMARY

On 01/28/14 (3:00PM), NRC staff held a conference call with Jack Stringfellow (PWROG) and Lisa Hill (BWROG) to discuss provision of the Owner's Groups current EPG/SAG guidance and scheduling of a meeting to discuss this guidance. NRC staff participating in the phone call were Stewart Schneider, Timothy Kolb, Aaron Szabo, and Jenny Tobin.

It was agreed that a workshop would be held at NRC headquarters on March 26 (PWROG) and 27 (BWROG), 2014, to discuss the Owner's Groups current EPG/SAG guidance and their framework for subsequent revision. This will be a closed public meeting at NRC headquarters because the EPG/SAG guidance is proprietary. The Owner's Groups committed to making the EPG/SAG guidance available to NRC staff in mid-March via an e-portal. Access to the guidance before the workshop will allow staff to become familiar with the guidance so there can be informed discussions at the workshop.
