**Subject:** REQUEST FOR ADDITIONAL INFORMATION REGARDING LICENSE AMENDMENT, CONTROL 582659

License No.: 25-29445-01  
Docket No.: 030-38568  
Control No.: 582659

Dear Mr. Murtagh:

This is in reference to your letter dated December 5, 2013 requesting to amend Nuclear Regulatory Commission License Number 25-29445-01. In order to continue our review, we need the following additional information:

1. In order to add Ms. Emily Wortman as the the Radiation Safety Officer (RSO), please provide the training certificate issued by the manufacturer that shows Ms. Emily Wortman has received Authorized User or Radiation Safety Officer training for the use of portable gauges.
2. For completeness of our internal records, provide a contact (office and work cell) and fax numbers for Ms. Wortman.

We will continue our review upon receipt of this information. You may respond by email attachment in PDF format. In your response, refer to Mail Control No. 582659. If you have any technical questions regarding this deficiency letter, please call me at (817) 200-1596.

If we do not receive a reply from you within 30 calendar days from the date of this email, we will assume that you do not wish to pursue your application.

Thanks,

Lizette Roldán-Otero, Ph.D.

# Nuclear Gauge Safety Certification

This certifies that

Emily Wortman

has successfully completed training on radiation safety and regulatory requirements for the use of portable nuclear gauges on this date.

September 11, 2013

**This certificate is not valid until signed by the licensee RSO.**

I attest that the person named above, and no other, has completed the online course and tests. I certify that the individual has completed practical skills training for setting up and making measurements, routine maintenance, packaging and transport, storage, and emergency procedures for portable nuclear gauges.

# HAZMAT CERTIFICATION

*as required by U.S. DOT and IATA*

This certifies that

Emily Wortman

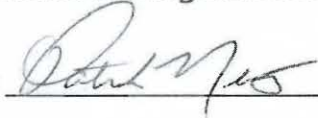

has been trained and tested in accordance with the U.S. Department of Transportation and International Air Transport Association (IATA) hazardous material requirements for general awareness/familiarization, function-specific, safety, and security awareness training as related to the transportation of nuclear gauges. A description of the training course materials is available from Troxler Electronic Laboratories, Inc. This certificate expires three years from the training date shown below.

September 11, 2013

## EMPLOYER CERTIFICATION

I certify that the hazmat employee identified on this certificate has been trained and tested as required by U.S. DOT Hazardous Material Regulations (49 CFR 172 Subpart H).
