Hi Timothy,

I left you a voicemail a bit ago. Would love to talk for a bit about the Monticello plant – can you give me a call today when you can? 202-224-5641.

Bidisha,

I understand that Senator Franken is planning a visit to the Monticello Nuclear plant next week. Is there anything I can do to help with his visit? I imagine that Xcel is coordinating a tour, but if Senator Franken would like to meet with the NRC's resident inspectors while he is there, I would be happy to coordinate.

I have a very flexible schedule this week and would be happy to come to your office to discuss NRC issues with you, whenever you have time.

I hope the recess is allowing you to catch your breath,
