Thanks for the note...I appreciate the contact.

Could you tell me how many people typically attend one of these types of 'open house' events?
Also, what time does more formal presentation and discussion begin?

Subject: NRC: Prairie Island Public Meeting and Open House

Good afternoon,

On Thursday, April 14, 2011 the NRC will be hosting an "open house" at 5pm and a overview of the annual end-of-cycle assessment at 6pm at the Red Wing Public Library, in Red Wing, MN. Members of the public are encouraged to engage NRC representatives at the open house to ask questions or share concerns. The public will also be given an opportunity to communicate during the more formal business meeting, after the NRC and the licensee have presented.

If representatives from your office plan to attend, please let me know so that I can put them in touch with NRC staff who will be attending.
