**RE: Notification for NRC Radioactive Materials License # 47-00404-02
(Cabell Huntington Hospital, located in Huntington, WV)**

To Whom It May Concern:

We have had a physician/authorized user recently cease to practice at our facility. This letter is to notify the NRC that we wish to remove Aamir Hussian, MD, as an Authorized User on our radioactive materials license:

Please explicitly remove this authorized user from our radioactive materials license when processing our next amendment. Note that we currently have an amendment request in process with your office.

We appreciate your consideration of this notification. Please contact me if there are any questions or if additional information is desired. Thank you.

Sincerely yours,

James Norweck, MS, DABR, Radiation Safety Officer
