

Honeywell International

July 7, 2005

Arizona Radiation Regulatory Agency
Attn: Mr. Bill Wright
4814 South 40th Street
Phoenix, Arizona 85040

Subject: SS&D Amendments

Dear Mr. Wright:

Honeywell International previously submitted a request to ARRA dated June 7, 2004 requesting that the following SS&D registrations be converted to Arizona SS&Ds. We urgently need to have these SS&D registrations amended. These documents are frequently utilized in foreign countries as well as the U.S. Honeywell is in the process of applying for radiological licensing in the People's Republic of China and the incorrect company name and address is causing difficulties. The SS&Ds impacted are as follows and the complete request for amendments is provided below.

CA0501D101B
CA0501D102B
CA0501D103B
CA0501D104B

Currently, the Distributor/Manufacturer is listed as Honeywell-Measurex Corporation. The Distributor/Manufacturer listed on all four SS&D registrations needs to be amended as follows.

Distributor/Manufacturer

Honeywell International
2500 West Union Hills
Phoenix, AZ 85027
602-313-3330

Under the section entitled 'Sealed Source Model Designation' the following changes should be made.

1. Amersham should be changed to Amersham/AEA Technology
2. Dupont/New England Nuclear should be changed to Dupont/New England Nuclear/Isotope Products Laboratories

2500 West Union Hills Drive
Phoenix, AZ 85027
602-313-3330

Honeywell is also requesting that licenses AZ-7-510 and AZ-7-513 be amended to reflect the above requested changes in the SS&D registrations numbers.

I appreciate your help with this matter. If you have any questions, please let me know. My telephone number is 770-689-0186 and my e-mail is gary.caines@honeywell.com.

Sincerely,

A handwritten signature in black ink, appearing to read "G. L. Caines", with a horizontal line extending from the end of the signature.

Gary L Caines,
Radiological Operations Program Manager
