Dear Mr. O'Dowd,

Thank you for your call today regarding our letter dated December 10, 2013. This letter requested changing our Radiation Safety Officer to Mr. Wally Fuhrman for St. Joseph Health Center. We are writing to follow up and to make several commitments regarding this change. This first commitment is that Mr. Fuhrman is both aware and willing to serve as Radiation Safety Officer. His signature below will signify this.

Secondly, we would like to commit that in accordance with 10 CFR 35.24, St. Joseph Health Center management will provide the RSO sufficient authority, organizational freedom, time, and resources to perform his duties. Additionally, the RSO will have a sufficient commitment from management to fulfill the duties and responsibilities specified in 10 CFR 35.24 to ensure that radioactive materials are used in a safe manner. Mr. Jerry Rumph, a senior member of management within the SSM, has signed below to verify these commitments.

Thank you again for your help with this amendment. If you have any questions or need further information, please feel free to call. My contact information is provided below.
