Attached please find the Revised Draft subject requests for additional information (RAI) 625 (eRAI 7387) regarding your application for standard design certification of the U.S. EPR. Please also review the Revised Draft RAI to ensure that we have not inadvertently included proprietary information. If there is any proprietary information, please let us know within the next ten days. If I do not hear from you within the next ten days, I will make the Revised Draft RAI publicly available.
