Ford Motor Company – RIC

March 18, 2014

2101 Village Rd, MD 1049

Dearborn, MI 48121

To: Whom It may concern

From: Scott R. Larkins, Radiation Safety Officer

Regarding: Amendment to Materials License 21-35113-01

The licensee listed above is requesting an amendment to the license 21-35113-01 with regards to Section 9, Authorized use: A. through E. To be used in items made from steel with a carbonitrided surface, for research and development as defined in Section 30.4 of 10 CFR Part 30.

We request that the words "with a carbonitrided surface" be removed from the license as our research will be moving away from carbonitrided surfaces. This modification will in no way change the materials listed in the license. If you have any questions I can be contacted at (313) 323-1533 EST or via e-mail at [slarkins@ford.com](mailto:slarkins@ford.com)

Thank you for your time.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Larkins".

Scott Larkins, RSO
