SUBJECT: DISCONTINUATION OF THE EVALUATION OF KRISS USA, INC.
APPLICATION FOR SEALED SOURCE AND DEVICE REGISTRATION AND
EXEMPT DISTRIBUTION LICENSE

Dear Mr. Haney:

This letter is in regard to your application dated August 15, 2013, requesting a Sealed Source and Device (SSD) Registration and an Exempt Distribution License (E-License) for the KRISS USA, Inc. HALO gunsights. After reviewing your application, the U.S. Nuclear Regulatory Commission (NRC) staff sent you a letter dated February 14, 2014, requesting additional information within 30 days. By letter dated March 14, 2014, you requested a 30-day extension of the due date to reply to our questions.

Due to the incomplete information, the NRC staff is unable to complete a safety evaluation of your SSD device and E-license. Since KRISS USA, Inc. could not meet the NRC due date (March 14, 2014), the NRC staff has discontinued the evaluation of your application (SSD Case 13-38 and E-License Mail Control No. 582179). This action is taken without prejudice to submission of the requested information. New actions for an SSD and an E-license will be opened once the NRC receives the complete response to our request for additional information dated February 14, 2014. Please note that when you submit the requested information, you may refer to Mail Control No. 582179 for the documentation you have already submitted.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
