Dear Mr. Caines:

Enclosed is a copy of the amended "Registry of Radioactive Sealed Sources and Devices Safety Evaluation of Device" Numbers **GA 571-D-101-G, Lippke System with Nuclear Gauges, and GA 571-D-103-G, Optimum System with Nuclear Gauges**, per your written request dated March 2, 1999. Please note that, since this was only a change of address, only the cover page of each registration certificate has been changed. A copy of the effected page of each registration certificate has been forwarded to the United States Nuclear Regulatory Commission for inclusion in the sealed source and device registry.

If you should have any questions, please call our office at (404) 362-2675.

Sincerely,

Eric T. Jameson
