Annette:

Here is Virginia's delivery destination, Distribution Center POC and some additional important information. We look forward to hearing about delivery time frames.

1. Ship-to Address:
Virginia Division of Radiological Health
c/o Virginia Distribution Center
2400 Riley Ridge Rd.
Sandston, VA 23150
Contact: Andrew Repak, (804) 328-3233, Andy.Repak@dgs.virginia.gov
2. Have carrier call **804-328-3224** to make a delivery appointment. **Delivery hours are from 7:30a – 3:30p.** By calling ahead, the driver will not have a long wait if the warehouse is very busy. If they do not answer quickly, press zero and ask Customer Service to find Andy Repak.

Hi Steve,

We are planning to replenish Virginia in August 2014 or sooner. We are currently waiting for additional funding. We are hoping to place these orders in April and the contractor needs a couple months lead time. I will be in touch with you as soon as I have a delivery date. Please let me know if you have any additional questions. Can you send the delivery address and POC?

Thank you,
Annette Stang

Hi Annette:

It has been about a year since we communicated on the 2014 KI replenishment project, so I thought I’d check in with you on the NRC’s logistics and distribution plan. Can you give us an idea of delivery dates/options? It will take some planning on our end since the number of tablets is doubling.

We still intend to take possession at the Virginia Distribution Center and then allocate the tablets out to our Local Health Districts.

Thank you,
