Subject: current version of EADS Sodern CNA SS&D registry sheet

Gus,

Attached is the current (as registered) version of the SS&D registry sheet.

Please check around and see if you have an "exploded" drawing of the new shielding design. Attachment 1 of the certificate shows an exploded version of the existing design.

I've included both a PDF version, and a Word version (the details of the attachment aren't completely clear on the PDF version).

If you have one, great; if not, that's okay, too.

If you have any questions, please let me know.

Sincerely,
