Subject: Supplement to Exempt Quantity Distribution Report - 2013

To whom it may concern,

This letter is a supplement to PerkinElmer, Inc.'s (PKI) Exempt Quantity Distribution Report submitted to you in a letter dated January 31, 2014. Our original Exempt Quantity Distribution Report addressed materials that were transferred for use under 10 CFR 30.18. In August, 2013, PKI was issued an amendment to our exempt distribution license that authorized transfers of byproduct material under § 32.14. Therefore, the purpose of this supplement is to report to you that no transfers of byproduct material under § 32.14 were made during the reporting period of January 1, 2013 – December 31, 2013.

Yours sincerely,

William R. Hoey
RSO & Radiation Protection Manager
