& CONSTRUCTION

October 13, 1972

Mr. Daniel R. Muller  
Assistant Director for Environmental  
Projects  
Atomic Energy Commission  
Washington, D. C. 20545

Dear Mr. Muller:

Subject: Environmental Report  
San Onofre Nuclear Generating Station  
Units 2 and 3  
Docket Nos. 50-361 and 50-362

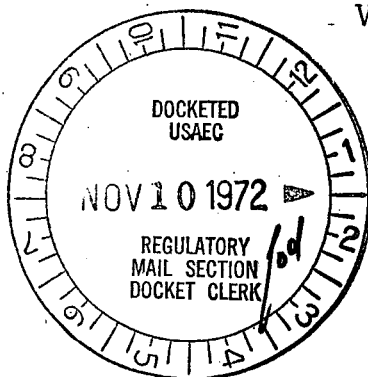

In response to a recent request from your  
Mr. R. W. Froelich, we are enclosing for your reference  
the following information relating to the Environmental  
Report for our San Onofre Nuclear Generating Station  
Units 2 and 3:

1. Transmission line conductor spacing criteria (phase-to-ground) as it might relate to a possible hazard for endangered species of large birds such as the California Condor.
2. A near-field model study of the diffuser discharge thermal plume performed by Battelle Pacific Northwest Laboratories.

If you have any questions concerning this information, please let me know.

Very truly yours,

Enclosure
