Subject: Stra Energy Leach Uranium mining/Crook County,WY

Thank you for your report dated March 12, 2014.

I respect that you have done your job in approving this project.

I am disappointed that you have given the "go" signal by your Commission. I question whether an aquifer can ever be safely restored once contaminated with radioactive materials. I am concerned with the possible loss of this water resource with water becoming as valuable as oil for coming generations.

Thank you.
