RE: Termination of License No. 12-04933-06E

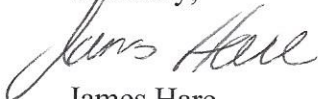

Dear Chief,

Request that the NRC license listed above be terminated immediately. We have not distributed any radioactive material under this license since October, 2013. Our facility at 2200 Warrenville Rd, Downers Grove, IL was released for unrestricted use by IEMA on October 16, 2013. The "Certificate of Disposition of Materials" is attached. All radioactive material was used and stored on site under our IEMA license.

We have moved our service training and engineering operations to 1842 Centre Point Circle, Naperville, IL. Jim Hare is the site leader for this location. Jim Hatten is the Radiation Safety Officer. We are operating under the same IEMA radioactive material license number as before but with conditions limited to only use and storage on site. No distribution is authorized from this site.

If you require further information on this license termination please contact Jim Hatten, (815) 370-6538.

Sincerely,

James Hare
