The purpose of this letter is to request a reduction in scope of the requested license amendment. Specifically, FPL is requesting deletion of the proposed change to TS Figure 3.1-2, Boric Acid Tank Minimum Volume, from the requested license amendment. FPL will address changes to TS Figure 3.1-2 at a later date under separate correspondence.

This supplement does not impact the significant hazards consideration evaluation and environmental assessment previously submitted by FPL letter L-2012-130 [Reference 1]. This submittal contains no new commitments and no revisions to existing commitments.

In accordance with 10 CFR 50.91(b)(1), a copy of this letter is being forwarded to the State Designee of Florida.

Should you have any questions regarding this submittal, please contact Mr. Robert J. Tomonto, Licensing Manager, at (305) 246-7327.

I declare under penalty of perjury that the foregoing is true and correct.
