Subject: Correct Mailing Address

Discussion:

Murray Energy acquired the above licenses from CONSOL Energy. The mailing address of one of these licenses was the same as the CONSOL Energy address in Cannonsburg, PA. I called Eric to discuss if this address is to remain the same. Eric informed me that the names of the licensee needs to remain the same, but the mailing address on these licenses needs to be their Corporate Office address in Ohio. I explained to him that this will require issuance of new licenses to replace them because of the change of State in the address.

He stated that he understands the policy and did not have any objection to this change.

Action Required: Document, change the control numbers to term and create new license actions corresponding to Ohio State address.
