Dear Mr. Knotts:

Thank you for your response via email dated March 14, 2007, 12:39:47. We have completed the concurrence review for the requested amendment to SS&D certificate GA-269-S-103-S, which adds the Model 1000029.

Enclosed is the amended certificate. Additionally, we are enclosing an amended cover page for GA-269-D-102-S, reflecting the Model 1000029 as a source option for the Type B, B-2, and Type C units.

Copies of these SS&D certificates have been forwarded to the U.S. Nuclear Regulatory Commission for inclusion in the national SS&D registry database.

Please read these documents thoroughly upon receipt. If you should have any questions concerning these, please contact me via telephone at 404-362-2675, or via electronic mail at ejameson@dnr.state.ga.us.

Sincerely,
