SUBJECT: DEPARTMENT OF THE ARMY, LICENSE TERMINATION, CONTROL NO.  
582271

Dear COL Graham:

Please find enclosed Amendment No. 20 terminating License No. SNM-1649 as requested by your NRC Form 314 dated March 14, 2014. All facilities previously used for licensed activities were transferred to License No. 19-00294-19. This termination also completes the action of the application of September 25, 2013, for a renewal and ends the period of timely renewal.

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits, see our toolkit index page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 8:00 a.m. to 5:30 p.m. EST, Monday through Friday (except Federal holidays).

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We

strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

Your cooperation with us is appreciated.

Sincerely,
