10 NATHAN: Hey Tony.

11 TONY BOWERS: I'm calling you from a
12 recorded line.

13 NATHAN: Yes.

14 TONY BOWERS: And I just want to let you
15 know that this evening, you are free, if you choose
16 to be so.

17 NATHAN: Okay, okay.

18 TONY BOWERS: They're just -- they're
19 actually going through and they're making some
20 adjustments on staffing and depending on how things
21 are going, they're looking possibly tomorrow to be
22 scaling back. But right now, everything we've
23 talked about for the various positions, just off the
24 hook today, and then we'll let you know further, as

5 NATHAN: Yeah. I won't come in tonight,

7 is.

8 TONY BOWERS: Yep.

9 NATHAN: But I'll plan on being in at
10 seven tomorrow night, unless I hear otherwise.

11 TONY BOWERS: Yes, yeah. Seven, and
12 that is for LP coordinator.

13 NATHAN: Coordinator, right.

14 TONY BOWERS: Yep.

5 MARK: Emily, this is Mark. I've got
6 Mary Jane Ross-Lee. She wants to know about whether
7 or not she's supposed to come in tomorrow.

8 EMILY: Oh. I am not sure. Hold on one
9 second.

10 MARK: Well, let me connect you.

11 EMILY: Okay, sir. Okay.

12 MARY JANE ROSS-LEE: Hello?

13 EMILY: Ma'am?

14 MARY JANE ROSS-LEE: Yes.

15 EMILY: Hi. I'm going to check on if
16 they need you tomorrow. We think we might be
17 winding down tomorrow evening, but I'll just double-
18 check.

19 MARY JANE ROSS-LEE: Okay, thanks.

20 EMILY: So that's tomorrow, the 13th?

21 MALE PARTICIPANT: Right here.

22 EMILY: Right here, March 13th.

1 EMILY: We're wondering if you could
2 possibly come in March 13th, 3:00 to 11:00, but it
3 is a position that we're probably, possibly going to
4 wind down with, even might not have you come in at
5 all. But we're just trying to fill it, in case
6 there is escalation.

7 MARY JANE ROSS-LEE: Umm, yeah. When
8 will you know for sure about the winding down about
9 it? Should I call in in the morning or --

10 EMILY: Umm, I think we'd probably know
11 by like 10:00, 11:00.

12 MALE PARTICIPANT: Yeah, probably during
13 the day shift.

14 EMILY: Probably during the day shift,
15 and we'll give you a call if you don't need you
16 anymore. You can call in and check as well.

17 MARY JANE ROSS-LEE: Yeah, just because
18 I'm in Pennsylvania right now, so it's the time I
19 need to drive back from tomorrow is all.

20 EMILY: Okay, okay, okay.

21 MARY JANE ROSS-LEE: So I might check in
22 the morning, to see if you have any better idea.
23 But otherwise yes, I could come in tomorrow from
24 3:00 to 11:00.

25 EMILY: All right, great. Thank you so

7 ERIC SCHRADER: Yes.

8 TONY BOWERS: Hey, this is Tony Bowers

10 ERIC SCHRADER: Is it?

11 TONY BOWERS: Is it. I just need to let

13 ERIC SCHRADER: Uh-huh.

14 TONY BOWERS: Hey, we're looking to, in

16 staffing the Ops Center. We're in monitoring mode,
17 and we're trying to staff out through Tuesday day
18 shift.

19 ERIC SCHRADER: Okay.

20 TONY BOWERS: We're not filling the role
21 of the EST actions officer. We're actually looking
22 -- well, we could be versatile, you know how it is -
23 -

24 ERIC SCHRADER: Right.

2 fill the position of the executive briefing team
3 coordinator.

4 ERIC SCHRADER: Right.

5 TONY BOWERS: From 11:00 p.m. this
6 evening to 11:00 a.m. The day shift position is
7 actually being filled by Sarah. So it would be a --
8 someone to relieve Sarah, and she could provide any
9 direction and understanding needed to fill that
10 role.

11 Plus Jeff Grant will also be here
12 between 7:00 p.m. and 7:00 a.m. as well. I do not
13 normally fill that position, but he is asking that I
14 fill it as well, which is good for tomorrow. But
15 I've actually been here since this morning as well.

16 ERIC SCHRADER: Okay.

17 TONY BOWERS: So do you think you would

19 ERIC SCHRADER: So I guess I'm going to

21 TONY BOWERS: Yes sir. That is an
22 accurate assessment.

23 ERIC SCHRADER: And you want me there at

11 There's two others. Everybody else is anywhere from
12 casual to business casual.

13 ERIC SCHRADER: All right. So I don't

4 TONY BOWERS: Okay, yeah. Through the

3 TONY BOWERS: NRC Ops Center, this is
4 Tony.

5 MALE PARTICIPANT: Hi, Tony. I'm going
6 to connect you with Lou Brandon.

7 TONY BOWERS: Thank you.

8 LOU BRANDON: Lou, is this Tony?

9 TONY BOWERS: Hey Lou, how are you?

10 LOU BRANDON: Good.

11 TONY BOWERS: Hope I didn't wake you.
12 I'm actually -- we're on a recorded line. Lou, I
13 just had Bruce Watson over here. Apparently, we're
14 starting to get some data in.

15 LOU BRANDON: Okay.

16 TONY BOWERS: From a U.S. carrier that's
17 about 100 to 130 miles out from the plant, and they
18 got like four or five data points. So what I'm
19 looking to do is for PMT, I'm looking to actually
20 double up their staff on day shift, you know.
21 They're going to go from 1:00 to 2:00 for the dose
22 assessment folks running RASCAL.

23 LOU BRANDON: Yes.

24 TONY BOWERS: And he has specifically
25 asked for support from George Acey (ph) and I didn't

1 know if that was okay or how to go about doing that,
2 since he's a contractor for us.

3 LOU BRANDON: All right. So the best
4 approach there is to give George a call. Do you
5 have his number?

6 TONY BOWERS: I do not. Would Roberto
7 have his number?

8 LOU BRANDON: Well, I've got it in my
9 cell phone and I might have it in my wallet.

10 (Pause.)

11 LOU BRANDON: Okay. Here it is.

12 TONY BOWERS: Okay.

13 LOU BRANDON: I'll give you two numbers
14 here.

15 TONY BOWERS: Okay.

16 LOU BRANDON: His cell number, (b)(6)

17 (b)(6)

18 TONY BOWERS: Okay, okay.

19 LOU BRANDON: And his other number is

20 (b)(6)

21 TONY BOWERS: All right.

22 LOU BRANDON: Give him a call if you can
23 catch him. I think he'll probably be able to --
24 he'll be willing to help however he can.

25 TONY BOWERS: Okay, and is there -- I

1 mean nothing special we need to do, except ask him
2 for his help?

3 LOU BRANDON: Yeah, that's right.

4 TONY BOWERS: Okay.

5 LOU BRANDON: He slides his hours
6 around, so he can work today but not tomorrow. See
7 if he's willing to, you know, if he doesn't have any
8 family plans or anything today. See what he says as
9 far as coming in. I think you'll find him very
10 supportive.

11 TONY BOWERS: Okay, great Lou. Thank
12 you.

13 LOU BRANDON: You're welcome. Anything
14 else you need from me?

15 TONY BOWERS: No. I believe that is it.
16 The only other request they had was for a GIS
17 person.

18 LOU BRANDON: Okay, yeah. You can use
19 the call list.

20 TONY BOWERS: Yeah. I'm going to do
21 that.

22 LOU BRANDON: And see who's available
23 there.

2 YUNG LI: For how long?

3 TONY BOWERS: I am not for certain.
4 We've been trying to work eight hour shifts, and
5 depending on what your team's needs are, I'll
6 probably continue to call folks possibly to support
7 at 3:00 to 11:00 shift as well. But if you could
8 come in as soon as possible and possibly, you know,
9 stay at least until 3:00 or a little longer if they

8 TONY BOWERS: And we're looking to see

12 CHRISTINA: I don't have a problem with
13 that. But like I told Annette Sang yesterday, I've
14 never participated in a drill or exercise. So I'm
15 not for sure what I would be doing, because I just
16 got placed on a team like two weeks ago.

2 TONY BOWERS: 11:00 tonight, yes, until

4 depending on what our role, how it evolves, there is

5 like Richard Clement coming in 3:00 to 11:00, and

7 we're starting to receive some data from various

9 FRITZ: Okay.

10 TONY BOWERS: Would it be possible for

7 with him.

8 TONY BOWERS: Okay.

9 FRITZ: Either that or I can go home and

13 FRITZ: So I can take tomorrow either

17 3:00 p.m., and you'll be working with Tony Huffert.

18 FRITZ: Okay.

19 TONY BOWERS: And then yeah. That looks
20 good for now. I'll see if I can get somebody -- if
21 anything changes, give me a call. Otherwise, I'm
22 just going to keep trying to call some folks.

3 TONY BOWERS: NRC Ops Center, this is
4 Tony.

5 BERNIE WHITE: Yeah, hi Tony. This is
6 Bernie White returning your phone call.

7 TONY BOWERS: Hey Bernie, how are you?

8 BERNIE WHITE: I'm doing well. I got
9 your message.

10 TONY BOWERS: Good. Just want to let
11 you know this is a recorded line.

12 BERNIE WHITE: Uh-huh.

13 TONY BOWERS: Yeah. We've actually
14 activated the Ops Center. We've been in monitoring
15 mode in support of the Japan earthquake since
16 Friday. We're actually going through the exercise
17 of -- we've been trying to establish staffing out
18 through Tuesday afternoon, and in the early phases,
19 we actually scaled down the dose assessment
20 positions on the Reactor side, and the RASCAL
21 operators, and we didn't have back shift coverage.

22 We are currently, I want to say
23 modifying that response, because we have received
24 some data through the course of the day that we are
25 working to analyze. We have some folks we've called

NEAL R. GROSS

1 in to help us with RASCAL. I believe the
2 gentleman's name is George -- George something. But
3 he's the guy who actually developed RASCAL.

4 BERNIE WHITE: Oh, okay. So he knows a
5 lot more about it than me.

6 TONY BOWERS: Yeah. Well he's going to
7 be in this afternoon.

8 BERNIE WHITE: Okay.

9 TONY BOWERS: Well, the question is do
10 you -- are you familiar with the RASCAL? Do you
11 physically run RASCAL?

12 BERNIE WHITE: Yeah. I've used it a
13 handful of times.

14 TONY BOWERS: Uh-huh.

15 BERNIE WHITE: I'm scheduled to take
16 training on it the end of next month, for the May
17 exercise. I haven't had the official training yet.

18 TONY BOWERS: Okay. Okay, well I mean
19 that's kind of -- so I guess from a dose assessment
20 perspective, I have to ask you. I mean would you
21 feel comfortable -- could you possibly support this
22 evening, and would you feel comfortable running
23 RASCAL or is your interpretation of what's going on
24 there and the results questionable?

25 BERNIE WHITE: I would say it would be.

NEAL R. GROSS

COURT REPORTERS AND TRANSCRIBERS

1 I mean I'm willing to support it, but again, I've
2 only run it a small handful of times.

3 TONY BOWERS: Okay. No, I appreciate
4 your callback. I'll leave it vacant at this point
5 in time.

6 BERNIE WHITE: Okay. If you need me to
7 come in, you can't find anybody else, feel free to
8 call me back.

9 TONY BOWERS: Yeah, and you know, I've
10 been going through that exercise. So I'm outside of
11 the reactor realm now, just because we've been
12 working this since Friday around the clock. So --

13 BERNIE WHITE: Okay.

14 TONY BOWERS: Appreciate your call back,
15 and if we need anything further, I'll give you a
16 call.

17 BERNIE WHITE: Okay, please do.

18 TONY BOWERS: All right. Thank you,
19 Bernie.

4 Specifically, I think it's the Rad Assessment
5 Assistant Director position.

6 RANDY SULLIVAN: Okay.

7 TONY BOWERS: I'm seeing if we could --

8 RANDY SULLIVAN: Sure, when?

9 TONY BOWERS: Tonight.

10 RANDY SULLIVAN: Tonight. What time?

11 TONY BOWERS: 11 to 7.

12 RANDY SULLIVAN: Whoa, dude. Okay.

13 TONY BOWERS: Yeah. So that's a
14 question, 11 to 7.

15 RANDY SULLIVAN: Yeah. You know, I
16 called in last night, talked to Greg Casto on the
17 PMT. Told me I wouldn't be needed until Tuesday.
18 But anyway, you need somebody there from 11 to 7.

19 TONY BOWERS: Yeah, and here's my
20 situation. I've got Lavie working 3 to 11. I'm
21 trying not to push Lavie.

22 RANDY SULLIVAN: No, no, no. No, I'll
23 spell him.

24 TONY BOWERS: And so recognizing that
25 what transpired through the course of today is they

1 actually started receiving some data.

2 RANDY SULLIVAN: Yeah, okay.

3 TONY BOWERS: It's still limited data,
4 you know. They've got some contamination that ended
5 up one of our -- we've got a ship out there, the
6 Ronald Reagan.

7 RANDY SULLIVAN: Already?

8 TONY BOWERS: We have a ship. It's been
9 about 100 miles offshore, and went out to 130. So
10 there was some contamination that ended up there
11 from a Japanese ship, a helicopter going back and
12 forth, as well as they were receiving some dose
13 rates.

14 Without having to speculate, Kathryn
15 Brock and the PMT folks are actually saying right
16 now, based on the information we have, we have to
17 say that that, you know, that it's actually noble
18 gas.

19 RANDY SULLIVAN: Wow, okay. They did
20 vent containment, didn't they?

21 TONY BOWERS: Yeah, from venting and
22 stuff like that, and they're dealing with two units.

23 They're dealing with 1 and 3, and at some point, I
24 believe it's -- don't quote me. I believe it's Unit
25 1 that's already being filled with borated salt

1 water.

2 RANDY SULLIVAN: Yeah.

3 TONY BOWERS: And I think --

4 RANDY SULLIVAN: They ain't gonna run
5 that again.

6 TONY BOWERS: I think Unit 3 is on its
7 way there.

8 RANDY SULLIVAN: Really.

9 TONY BOWERS: The Navy actually had air
10 samples, but they had to send it -- they sent it
11 somewhere. It was going to take them about six
12 hours to get isotopic on a germanium detector.

13 RANDY SULLIVAN: Okay.

14 TONY BOWERS: And that would tell us
15 more, but I don't think we've received the results.
16 So that's kind of what they're dealing with.
17 Initially, we were not staffing the back shift, and
18 what the PMT folks have asked for is can we double
19 up on day shift, and we actually have, I don't know
20 the guy's last name. George someone. He's the
21 developer of RASCAL.

22 RANDY SULLIVAN: Yes, whatever his name
23 is.

24 TONY BOWERS: Yeah. We called him in.
25 He probably arrived -- he should be here. He should

1 have been here around one o'clock. So I don't know
2 if he is or not. But and then we called in a GIS
3 individual to get some charts and stuff.

4 RANDY SULLIVAN: Good, good.

5 TONY BOWERS: The Chairman just walked
6 in and is kind of taking control, and you know,
7 based on what we have over there, what would the
8 American public expect as far as protective actions.

9 RANDY SULLIVAN: Well, yeah.

10 TONY BOWERS: You know so --

11 RANDY SULLIVAN: Not a problem. Yeah,
12 okay. So I'll be in a little before 11 for
13 turnover, I guess?

14 TONY BOWERS: Great, great, and you
15 would actually be taking turnover tonight from Steve
16 Lavie, and by all means if anything changes between
17 now and then and we don't need you because things
18 are actually improved, I will give you a call.

19 RANDY SULLIVAN: Yeah. I mean is there
20 an actual PMT Director and a deputy director and all
21 that?

22 TONY BOWERS: Yeah, okay. So you're
23 looking at two folks. You're looking at the
24 Protective Action Assistant Director is Casto
25 tonight, and PMT coordinator is actually John

1 Lubinski.

2 RANDY SULLIVAN: Okay.

3 TONY BOWERS: Right now those are the
4 only two folks. You, and we're trying to get
5 someone to do the PMT dose assessment, someone
6 familiar with RASCAL. RANDY SULLIVAN: Uh-huh,
7 uh-huh.

8 TONY BOWERS: So we don't have a lot of
9 choices. I'm calling all over. I've been on the
10 phone since yesterday morning.

11 RANDY SULLIVAN: Wow. Well anyway, I
12 was in the air and airports for 17 hours yesterday,
13 but today's a new day. So I'll complete tonight.

14 TONY BOWERS: I understand that.

15 RANDY SULLIVAN: Be in at 11. I'll be
16 in before 11 for turnover.

17 TONY BOWERS: Okay. Thank you, Randy.

18 RANDY SULLIVAN: Sure thing, and I'm
19 qualified as a deputy director. I can do any of the
20 -- same as the --

21 TONY BOWERS: I know that, I know that,
22 and I actually -- for example, I have a Protective
23 Actions Assistant Director slot on peak shift
24 tomorrow that I was trying to fill, but more
25 pressing was I can't seem to get anybody here.

1 RANDY SULLIVAN: Now I'm not -- I'm not
2 intimately familiar with RASCAL, believe it or not.
3 I mean I know it. I could probably make it work,
4 but --

5 TONY BOWERS: Yeah. Well you're a good
6 head, and that's what they need. So if -- I mean
7 I'm even, I'm getting ready to get Bob Moody's phone
8 number to say hey, do you know RASCAL? Come on in.

9 (b)(6)

10 RANDY SULLIVAN: But I mean there's all
11 kinds of RASCAL operators, aren't there? Well,
12 you've got the whole list in front of you.

13 TONY BOWERS: I got a whole list. But
14 you know what? Give me a name.

15 RANDY SULLIVAN: Jason Schaparow.

16 TONY BOWERS: I don't have that name.

17 RANDY SULLIVAN: Schaparow, S-C-H-A-P-A-
18 R-O-W.

19 TONY BOWERS: Schaparow, okay.

20 RANDY SULLIVAN: Schaparow. Let me just
21 have a second.

22 TONY BOWERS: Yeah. I've even been
23 trying to call the Fuel Cycle folks.

24 RANDY SULLIVAN: No, no, no. Carlos

3 He's a MAACS-2 guy.

4 TONY BOWERS: Great.

5 RANDY SULLIVAN: And --

6 TONY BOWERS: At this point, I need
7 names. That's it. I don't care what position.

8 RANDY SULLIVAN: Yeah. Let me search
9 him. Yeah, yeah, yeah. Oh no. (b)(6)

10 (b)(6)

11 TONY BOWERS: In NRR?

12 RANDY SULLIVAN: Yeah, in NRR.

13 TONY BOWERS: I don't know. Let's see.
14 We've been working. (b)(6)

15 (b)(6)

16 (b)(6)

17 (b)(6) Yung Li is the GIS and that's

19 Moody know RASCAL?

20 RANDY SULLIVAN: I don't think so.

6 Jason, if you can find him, may know more names.
7 Have you called Trish Milligan?

8 TONY BOWERS: Actually, Annette is -- I
9 don't know if she's made contact with her. She's

11 RANDY SULLIVAN: Yeah. I thought --
12 well, I mean she might remember some names I don't,

17 TONY BOWERS: Brandon, yeah. He's

2 TONY BOWERS: Okay. But you cannot do
3 that today.

4 MIKE ZECKA: Yeah.

5 TONY BOWERS: Okay, and that just in
6 support of work normally?

7 MIKE ZECKA: Yeah, yeah, and if there's
8 a priority, if that takes precedence, then of course
9 I can.

10 TONY BOWERS: Not today, tomorrow?

11 MIKE ZECKA: Tomorrow I'll physically
12 not be here.

13 TONY BOWERS: Yeah, okay. All right,
14 and just who is your direct supervisor?

15 MIKE ZECKA: Robert Schaaf, S-C-H-A-A-F.

16 TONY BOWERS: Okay.

17 MIKE ZECKA: Okay.

18 TONY BOWERS: Thank you, Mike.

19 MIKE ZECKA: Have you contacted the

21 TONY BOWERS: We're going through that.

22 MIKE ZECKA: Okay, you bet.

23 TONY BOWERS: Thank you, bye-bye.

10 Center has been activated since Friday in support of

12 staffing here through Friday.

13 CHRIS COOK: Okay.

14 TONY BOWERS: And we're actually looking

16 analyst.

17 CHRIS COOK: Okay.

18 TONY BOWERS: They have requested that
19 position be filled as soon as we can get someone
20 over here. We'd like Yong Li to support us. He has
21 supported us in the past, and at least for today,
22 and we're working with the other GIS folks to see if
23 we could support around the clock through the rest
24 of the week. But I just, I wanted to make sure that
25 that ran through you.

2 see me, and we were talking about this particular
3 item. We're willing to support, if we can do that.

4 We just need to sort of know the schedule, get a
5 schedule established so that we can find substitutes
6 for other work here that Yong has ongoing.

7 TONY BOWERS: Okay, and this is -- if it
8 already hasn't trickled down, it wouldn't be normal
9 that I would call you. I would call Yong.

10 CHRIS COOK: Okay.

11 TONY BOWERS: But we've actually,
12 through the Executive Team, there will be direction
13 coming down from the EDO to help the divisions
14 prioritize their work accordingly.

15 CHRIS COOK: No. Yeah, that would be
16 great, because that's what we're trying to do.

17 TONY BOWERS: Yeah, and I understand.
18 So when I spoke with Yong, I understand, you know.
19 In the back of my mind, I have two new reactor
20 applications. I've got things to do, so --

21 CHRIS COOK: I just want to know the
22 schedule, so we can find people to cover.

5 CHRIS COOK: Yeah. He was grabbing his

7 then he went --

8 TONY BOWERS: Okay, and well I'll leave
9 it up to you. I mean could I have him on day shift

11 what would you be willing to support?

12 CHRIS COOK: No. I mean I'm willing to
13 support. I mean the priority of this in my mind is
14 pretty high.

15 TONY BOWERS: Yeah.

16 CHRIS COOK: Yeah. So you know, I
17 haven't been getting any direction. But I think for
18 me, I'm willing to do whatever we need to. I just
19 need to know what his schedule is going to be.

20 TONY BOWERS: Okay.

21 CHRIS COOK: So if you're going to be
22 having him on day shift through the rest of the

18 staffing through Friday.

19 TOM GOLETTA: Uh-huh.

20 TONY BOWERS: Right now, I'm not for

5 PMT meteorologist? Or are you in the office today?

6 TOM GOLETTA: I am in the office this

1 afternoon. But I'll be back, I'm scheduled to be

6 Today, 3:00 to 11:00 -- actually Yong Li

8 what their discussion has been, just based on what

10 going through the area, that's prompting a shift in
11 the wind, whereas everything was blowing out to sea

17 in the GIS, do we even have overlays that are
18 accurate for Japan?

19 TONY BOWERS: I can't answer that
20 actually. You'd have to call over there, the PMT
21 folks. I just know that they've -- as of yesterday,
22 they started receiving data, and they have some data
23 and various things are transpiring. So they've made
24 a request hey, we need a GIS analyst and a
25 meteorologist. We'd like to staff that position

2 So I'm just looking to see who we could
3 have fill those positions. Right now, I only have
4 one person who was able to get ahold of, and that
5 was Yong Li. So I asked him to fill in the entire
6 week on that shift. So where I need the assistance
7 is 3:00 to 11:00 or 11:00 to 7:00, today through
8 Friday.

9 GEORGE WENDER: I could probably help
10 you with -- but not today or tomorrow, but the rest
11 of the week I could probably do 3:00 to 11:00. Let
12 me check. TONY BOWERS: Okay. You want

14 GEORGE WENDER: Yeah, will do.

15 TONY BOWERS: Okay.

16 GEORGE WENDER: I'm sorry, Tony. What's

18 TONY BOWERS: Last name is Bowers, B-O-

19 JEFF BRYAN: Well I mean, because I
20 don't have a calendar in front of me right now,
21 because I'm driving.

22 TONY BOWERS: Well, it's -- so what you
23 would be working is --

24 JEFF BRYAN: Today I can do 7:00 to 7:00,
25 yes. But then what you're saying is like I do 7:00

NEAL R. GROSS

1 to 7:00 the next night?

2 TONY BOWERS: 11:00 to 7:00, so half
3 that shift. 11:00 p.m. to 7:00 a.m.

4 JEFF BRYAN: Okay. So that will at
5 least give me a little bit of time to go to sleep,
6 yes.

7 TONY BOWERS: Yeah. That means you'd
8 get off at 7:00 in the morning and you wouldn't come
9 back to work until 11:00 p.m.

10 JEFF BRYAN: Right. Okay, yeah. That
11 works.

12 TONY BOWERS: Okay, all right. So --

13 JEFF BRYAN: So I'll make sure Mark
14 knows about that.

15 TONY BOWERS: So you work 7:00 to 7:00
16 today, and then --

17 JEFF BRYAN: Tomorrow start at 11:00 at
18 night until 7:00 in the morning?

19 TONY BOWERS: Yes, correct.

20 JEFF BRYAN: Okay.

21 TONY BOWERS: So an eight hour shift
22 then.

23 JEFF BRYAN: Okay.

24 TONY BOWERS: Thank you. All right,
25 bye-bye.

5 CHARLIE MILLER: Hello?

6 TONY BOWERS: Charlie Miller?

7 CHARLIE MILLER: This is he.

8 TONY BOWERS: Good morning, Charlie.

9 This is Tony Bowers here in the NRC Ops Center.

10 CHARLIE MILLER: Yes sir.

11 TONY BOWERS: This is a recorded line.

12 Charlie, I've been asked by the Executive Team to
13 staff the position of the Protective Measures State
14 Coordinator.

15 CHARLIE MILLER: Okay.

16 TONY BOWERS: What we're looking to do
17 is staff this position pretty much round the clock
18 on eight hour shifts through the course of Friday,
19 as we stand right now. I'm wondering if you could
20 support this position, I would say currently on the
21 day shift, beginning today.

22 CHARLIE MILLER: Are you looking for me
23 personally, or are you looking for one of my staff?

24 TONY BOWERS: You personally.

25 CHARLIE MILLER: Is this an Executive

1 Team thing?

2 TONY BOWERS: Yes, it is. It's the
3 Executive Team Protective Measures and State
4 Coordinator.

5 CHARLIE MILLER: Okay. When did you
6 want me down there?

7 TONY BOWERS: As soon as possible.

8 CHARLIE MILLER: Okay. I'm going to
9 have to just make arrangements, because I was
10 supposed to brief the chairman at 9:30 for his
11 budget hearing.

12 TONY BOWERS: Okay. The Chairman's
13 here.

14 CHARLIE MILLER: I mean I can get down
15 there in a couple of minutes.

16 TONY BOWERS: How about --

17 CHARLIE MILLER: Yeah.

18 TONY BOWERS: Okay. I was going to say
19 how about after you've briefed the Chairman?

20 CHARLIE MILLER: Yeah. I mean that's
21 not going to be until 9:30. I'm supposed to go with
22 Bill. Is Bill down there now?

23 TONY BOWERS: No.

24 CHARLIE MILLER: No.

25 TONY BOWERS: He is not. I see Mike

1 Weber.

2 CHARLIE MILLER: Okay.

3 TONY BOWERS: And Brian. So would you
4 want to possibly just stop down and see what the
5 needs are, and pop back out?

6 CHARLIE MILLER: Yeah, yeah. Okay.
7 I'll do that.

8 TONY BOWERS: Okay. Then if you would,
9 stop by or I'll see you come through, and we'll talk
10 moving forward. It's really going to be whether or
11 not the Executive Team feels they need this day to
12 day. But would you be willing to support the day
13 shift through the course of the week, or is that
14 going to be difficult?

15 CHARLIE MILLER: I guess it just depends
16 on what goes on this week. I mean if we have to do
17 it, we have to do it.

18 TONY BOWERS: Okay.

19 CHARLIE MILLER: Okay. I mean this is,
20 you know, if it's a number one priority, I'll just
21 have to work with my deputy from the office.

22 TONY BOWERS: Okay. So right now, I'm
23 going to pencil you in day shift --

24 CHARLIE MILLER: Well wait a minute.
25 I've got an Energy Policy Act Task Force meeting, an

1 interagency task force meeting this week in the

3 TONY BOWERS: Okay. What day is that?

4 CHARLIE MILLER: That day is -- wait a
5 minute. Hang on just a second, please. Let me get
6 my calendar.

7 TONY BOWERS: And please keep in mind.
8 If they decide to turn this position --

9 CHARLIE MILLER: It's tomorrow.

10 TONY BOWERS: Okay. So I'll pencil you
11 in -- I'll leave you out tomorrow, and it's -- let's
12 just say right now subject to change.

13 CHARLIE MILLER: Okay.

14 TONY BOWERS: And what we're working
15 over here is we're trying to do an eight hour
16 rotation versus the 12 that we've been doing.

17 CHARLIE MILLER: Are we just going to
18 have one ET person in there at a time like we had
19 then, or more than one? Do you know?

20 TONY BOWERS: Well right now, we have
21 the response advisor, we have the Chairman.
22 Actually, we've got a -- it looks like we have a
23 full complement in there.

24 CHARLIE MILLER: Okay.

25 TONY BOWERS: So --

3 land and see what they want, okay?

4 TONY BOWERS: Okay, yeah, and if they
5 say we really don't need it, that's even better.
6 But as of turnover this morning, they were looking
7 to staff that position.

8 CHARLIE MILLER: Okay.

9 TONY BOWERS: Alrighty. Appreciate it,
10 Charlie.

19 TONY BOWERS: Actually, I was looking

22 TONY BOWERS: Yes.

23 DEBBIE: Okay, and I can I get your -- I

1 We are actually looking for someone to

4 looking for someone to fill the, work in 8 hour
5 shifts, the 11:00 to 7:00 a.m., 11:00 p.m. to 7:00
6 a.m. position this evening. We were wondering if

17 ROB LEWIS: I'm not qualified for that.
18 I mean I'm not officially qualified for that. Is
19 that okay with you guys?

20 TONY BOWERS: You know what? You will

2 TONY BOWERS: Okay, 3:00 p.m. to 11:00
3 p.m., and you are qualified; correct?

4 ROB LEWIS: I'm qualified as a PMT
5 director for materials.

6 TONY BOWERS: Yeah, okay. You can do
7 this, okay. So and I'm sure Charlie wouldn't have
8 recommended you had you not been able to do it.

9 ROB LEWIS: No, I'm comfortable, I'm
10 comfortable.

11 TONY BOWERS: Yeah.

12 ROB LEWIS: I understand that we're
13 trying to put things together.

14 TONY BOWERS: Yeah, and we're actually -
15 - I'm actually looking to staff this facility
16 outside of our qualified list as well, because --
17 two considerations. We're going through Friday.
18 What does the weekend look like for us, and what
19 does long term look like, you know, over the course
20 of the next month?

21 Is it a scaled down version of what
22 we've got now? I don't know. As things progress
23 day to day, it doesn't seem like things are getting
24 any better.

25 ROB LEWIS: I understand.

1 TONY BOWERS: So 3:00 to 11:00. I will
2 go ahead and put your name down. I will let Charlie
3 Miller know that you are going to support us as his
4 relief. I have a question moving forward. So
5 that's today. How about this position as we move
6 through the week on the 3:00 to 11:00 shift?

7 I have Charlie -- right now I have --
8 it's all vacant, with the exception I have Charlie
9 Miller day shift.

10 ROB LEWIS: There is one day this week I
11 have a personal -- and I don't think I can
12 reschedule it, and (b)(6) hopefully.
13 You've got a minute to stick with me or you gotta --

14 TONY BOWERS: Oh yeah, yeah. No. I
15 mean you're helping us out here. So and just so you
16 know, I'm working through, trying to get a pool of
17 other people. I mean I'm, you know, reaching out to
18 like Larry Camper or Vanna Ordez or Cynthia
19 Carpenter. As a matter of fact, if by any chance
20 you know how to get ahold of any of them --

21 ROB LEWIS: Well, Larry is here today.
22 In fact, I just saw him about an hour ago.

17 ROB LEWIS: Okay. You know, we have --
18 in FSME, we have Michelle Burgess, is our all-

1 you right back on that, because -- you know what?
2 Yes, I do need her help, and here's the thinking. I
3 talked about transitioning to what does a long-term
4 staffing schedule look like.

5 I will put her in contact -- who is
6 that, the lady there in the ET room that -- no. Oh
7 God, I don't know her name. No. She was in there
8 earlier. She's not there right now, and one of the
9 Executive Team folks was actually going to look at
10 what does long term staffing look like for each of
11 the teams, and could we engage possibly the
12 directors and the coordinators for each of the
13 teams, to get them to start thinking about what does
14 that look like.

15 I think there's going to be an upcoming
16 conference call or meeting with all the office
17 directors, and if she could put a shell of a
18 framework together for long-term staffing that's
19 outside of this weekend, yeah, we could use her
20 help.

21 ROB LEWIS: Rather than me being the
22 middle man, let me just ask you to go directly to
23 her, Michelle Burgess.

9 TONY BOWERS: Yeah, yeah. If you guys

12 LARRY CAMPER: Well, what I'd probably
13 like to do is see if he and I can work it out first.

14 TONY BOWERS: Okay, yeah. If you could
15 work it out. Two trains of thought. Initially, we
16 were actually staffing through Friday, and we were
17 looking at that being conditional, that we could
18 possibly scale back. But there's a very good
19 possibility that we're going to be extending our
20 staffing through the weekend, and then at that
21 point, we'll look forward to long term.

22 So if between you two you can get us
23 through the weekend, through Sunday on that 3:00 to

8 ROB LEWIS: Gotcha.

9 TONY BOWERS: So I was just holding off
10 until possibly later in the afternoon before I
11 called her. But I was going to see how I could fit
12 her to cover this rotation for this position, and
13 then I could feed that information back to you guys.
14 Cynthia, as I understand it, is out of town or even
15 out of the country.

16 ROB LEWIS: Cindy Carpenter?

17 TONY BOWERS: Yeah, and Dan Dorman I
18 actually have doing another position supporting the
19 Executive Team Director.

20 ROB LEWIS: Gotcha.

21 TONY BOWERS: So --

22 ROB LEWIS: What about Scott Moore?
23 He's not --

24 TONY BOWERS: Actually, I have Scott
25 Moore's name. His name is right here. So he is

1 another one. But okay, and this is short-term. But
2 I'm going to answer your question a little
3 differently. We're looking at weekend support and
4 then we're also looking at what is over the course
5 of the next month, what does support look like for
6 the executive team.

7 So as you guys support the course
8 through this week, the next question's someone's
9 going to ask between today and tomorrow is how do we
10 get through the weekend? So I have Scott Moore's
11 name, as well as I have Cathy Hainey, and what other
12 resource do I have across the agency, period, that
13 could do this function, regardless of whether you're
14 on the qualified list. If you can do it, you can do
15 it.

16 ROB LEWIS: Long term, of course, the
17 people that were on travel will be coming back.

18 TONY BOWERS: Exactly. So we're looking
19 at all available resources. It's not just isolated.

20 ROB LEWIS: So the names you haven't
21 said.

22 TONY BOWERS: Okay.

23 ROB LEWIS: Not to volunteer the people,
24 but John Kinneman would be able to do it.

25 TONY BOWERS: John, last name?

1 ROB LEWIS: Kinneman. He's the Director
2 of Fuel Cycle Safety, Safeguards, the FCSS.

3 TONY BOWERS: I'm sorry. There's a lot
4 of chatter in the background.

5 ROB LEWIS: He's the Director of FCSS.

6 TONY BOWERS: Okay, and what's his last
7 name? How do you spell his last name?

8 ROB LEWIS: Kinneman, K-I-N-N-E-M-A-N.

9 TONY BOWERS: Okay.

10 ROB LEWIS: And Lawrence Kojajko.

11 TONY BOWERS: Lauren?

12 ROB LEWIS: Lawrence.

13 TONY BOWERS: Lawrence.

14 ROB LEWIS: Kokajko.

15 TONY BOWERS: Kokajko.

16 ROB LEWIS: He's a director of a
17 division in FCSS as well.

18 TONY BOWERS: Okay, great.

19 ROB LEWIS: I don't think either of them
20 are here this week. I talked to Vanna, but the
21 other two I couldn't get up with.

22 TONY BOWERS: Hey. I'm looking for
23 bodies, bodies that are capable and, you know.

24 ROB LEWIS: And Cindy Carpenter, of
25 course, will come back.

1 TONY BOWERS: Yeah. So that's -- the
2 pressing needs are how do I get through today.

3 ROB LEWIS: Right. Getting through
4 today we can help you with.

5 TONY BOWERS: Okay.

6 ROB LEWIS: I think tonight, that's
7 three, although I couldn't find Larry again. But I
8 believe at 3:00 today, we'll have Larry do it.

9 TONY BOWERS: Right, and Larry called
10 me.

11 ROB LEWIS: He did, okay. And then at
12 11:00 tonight, I will do it, and then at 3:00
13 tomorrow, Vanna will do it.

14 TONY BOWERS: That is perfect.

15 ROB LEWIS: So those three days. But we
16 don't want to be the three people always for second
17 and third shift every time.

18 TONY BOWERS: Oh no. I mean like I
19 said, I'm looking for -- the first question I'm
20 going to ask you is when can you do it, and I'll
21 pencil you in, and I'm going to go across the
22 agency. So I just need to fill in the blanks.

23 ROB LEWIS: But we'll get you through
24 the next day and a half, and then I know the longer-
25 term question, we'll have to keep working on it.

1 TONY BOWERS: Okay. So probably what
2 I'll do right off the bat is when I speak with Cathy
3 Haney, I'll say hey, tomorrow into -- this is
4 challenging for me, because the days are just
5 rolling over. The 16th through the 17th, which is
6 what, Wednesday-Thursday.

7 ROB LEWIS: Correct.

8 TONY BOWERS: Okay. So Cathy Haney, can
9 you do the night shift Wednesday-Thursday, since
10 you've done this prior?

11 ROB LEWIS: Yeah.

12 TONY BOWERS: And then I'll reach out to
13 these other two folks right now.

14 ROB LEWIS: Well, I think they're on
15 travel.

16 TONY BOWERS: Scott Moore?

17 ROB LEWIS: Oh, Scott Moore is here
18 today, but I got a "not in the office" email from
19 John Kinneman.

20 TONY BOWERS: Okay. So then I will --
21 actually, I'll give a call to Scott right now.

22 ROB LEWIS: But I guess also, you know,
23 I would have thought a lot of NRR people would be on
24 the list as well, NRO and NRR.

25 TONY BOWERS: In various capacities. I

1 mean we're -- so some of their resource, I guess in
2 different offices or divisions, for example, like I
3 have Tom Blount and Tim McGinty working the liaison
4 team on a peak shift and on a mid-shift, and they've
5 been doing that since Saturday through the course of
6 a week. So we're looking at all available resource.

1 TONY BOWERS: Well, it says "Protective

4 there's a notebook for each of the positions down
5 here in the Ops Center.

6 LARRY CAMPER: Oh, is that right? Okay.

5 TONY BOWERS: Yeah, A through F. So
6 that's it. So the real question is, is there a

9 picture response.

10 LARRY CAMPER: Yeah, I mean I get it. I

18 LARRY CAMPER: Yeah, I know.

19 TONY BOWERS: You're either qualified

20 LARRY CAMPER: Until the end of April?

1 that soon, through that time frame? I mean --

4 through, and there's going to be a conference call
5 with all office directors in the near future.

6 LARRY CAMPER: Okay.

6 How can I help you?

7 KAREN JACKSON: Yes. Is this the NOC?

8 BELINDA: Yes, it is.

9 KAREN JACKSON: Okay. This is Karen

11 BELINDA: Uh-huh.

12 KAREN JACKSON: We just had some
13 gentleman down here setting up a guest account for,
14 and the user didn't read the password correctly. He
15 was trying to put (b)(6) instead of (b)(6) and so he
16 got locked out. The name is Buntman, B-U-N-T-M-A-N
17 (indiscernible.)

18 BELINDA: Yeah.

19 KAREN JACKSON: Do you see that? I
20 don't know how they addressed it.

21 BELINDA: Buntman, Buntman.

22 KAREN JACKSON: It was a laptop that
23 they just loaded up for him to use, and they just
24 set the guest account up, and it's supposed to be --
25 the password had the word (b)(6) and he put it as

7 Let me see. Hold on one second.

8 KAREN JACKSON: Okay.

9 BELINDA: How would I describe the PC,
10 someone at the help desk. He had to log in three

12 MALE PARTICIPANT: Locked
13 (indiscernible).

14 BELINDA: Yeah, because he thought it
15 was (b)(6) instead of (b)(6) as the password.

6 TONY BOWERS: Yeah, yeah. Right now it
7 looks like all the positions for the EST coordinator
8 and the same thing, that's March 25th, 3:00 to
9 11:00. March 25th, I can fill that. Oh no, I
10 can't. I have the same thing, the same issue with
11 you then. Okay, okay.

12 STEVEN CAMPBELL: Is that the only spot
13 you need to have filled?

14 TONY BOWERS: Well, for the EST
15 coordinator, I'm going to say for now, you know.
16 Obviously, this is probably going to take us out
17 through, you know, I think we're planning through
18 mid-April.

19 STEVEN CAMPBELL: Oh, that long huh?
20 Man it that long?

21 TONY BOWERS: Well, I think the
22 questions are what are truly the needs to support
23 the teams that we've sent over, and how much of the
24 Ops Center needs to be staffed, you know, for -- to
25 sustain through the -- right now the mid of April.

9 TONY BOWERS: What else, what else --
10 what division are you in normally, or what's your

15 TONY BOWERS: BWR. Have you worked on
16 the RST?

17 STEVEN CAMPBELL: No. I've only been

21 STEVEN CAMPBELL: Yeah. I was a senior

8 TONY BOWERS: But it looks like the RST
9 folks, here are the positions they're staffing.
10 They're staffing the RST coordinator position,
11 severe accident analysis, BWR expertise and then
12 kind of like the RST communicator (indiscernible)

3 STEVEN CAMPBELL: I was there today. I
4 was looking around to see who was manning the
5 positions.

6 TONY BOWERS: Okay.

7 STEVEN CAMPBELL: The only thing is, if
8 there's an Executive Team coordinator who lives in
9 Rockville, is there any way I could swap with them,
10 just given my distance? If there's something
11 flexible like that, I'd be more than happy to fill
12 that. It's just that, you know, I'm just tied to
13 long distance here.

14 TONY BOWERS: Yeah. The folks that here

4 It looks like I'm on white.

5 STEVEN CAMPBELL: Oh, okay.

6 TONY BOWERS: I was on -- yeah, I'm on

8 STEVEN CAMPBELL: So this would be --
9 how long would this shift be, a week or one day?

10 TONY BOWERS: No. Actually the -- it's

13 STEVEN CAMPBELL: Oh, okay. So just one
14 day?

15 TONY BOWERS: It's just one day.

16 STEVEN CAMPBELL: Yeah, I can do that.
17 I can drive in tomorrow.

18 TONY BOWERS: And like I said, you know,
19 maybe what we can do is we just -- as we move into
20 staffing next week, you know, we'll see what we can
21 do here.

22 STEVEN CAMPBELL: Well, I just feel like
23 I wanted to help, you know. I just didn't feel like
24 I was being utilized at all, and I was on the
25 Emergency Response Team and, you know, I've got BWR

1 background and nobody's asked me to help. So I sent
2 Jeff Grant an email saying if there was a roster,
3 asking if there was a roster.

4 TONY BOWERS: Yeah. Actually, that's
5 what I'm doing. I'm filling the roster. So, you
6 know, with your BWR background, let me do this. I'm
7 going to take a walk over to RST, and let 'em know
8 you were a senior resident where, Fermi?

9 STEVEN CAMPBELL: Fermi. Yeah, it's a
10 BWR-4 Mark 1.

11 TONY BOWERS: I'll let you know you were
12 a senior resident at Fermi, and give them your name
13 and number, because I know they are -- they are
14 looking at their staffing closely, and I think
15 they're running into some challenges.

16 STEVEN CAMPBELL: Am I really needed

19 point in the event. I think they're more into
20 protective measures, I feel like.

21 TONY BOWERS: Yeah. With -- well, you

3 need me.

4 TONY BOWERS: Yeah, no. This is more --
5 I think where we're at is we're looking at the
6 qualified folks and then we're looking for the
7 capable folks. So I mean, you know, you have a
8 background. You have familiarity with BWR.

9 The real question is can they use you?
10 I can't answer that, because I don't have that
11 background.

12 STEVEN CAMPBELL: Yeah. I was at Fermi
13 for about eight years.

14 TONY BOWERS: Okay. Well let me -- so
15 with respect to the EST coordinator for tomorrow,
16 could you do that?

17 STEVEN CAMPBELL: Yes. I'll do that.

18 TONY BOWERS: Okay, and that's just one
19 day, 3:00 to 11:00, and then I'll walk back there,
20 and if -- let me see if they're interested. Or why
21 don't you just do this? Why don't you come in

14 the IT staff, can you think of any administrative or

7 TONY BOWERS: Good, how are you?

8 MICHELLE EVANS: Oh, I'm good. I wanted
9 to just chat with you about staffing a little bit.

10 TONY BOWERS: Okay.

11 MICHELLE EVANS: Okay. I have two more
12 lists of all these volunteers, and that, okay,
13 they're really extensive lists. So a couple of
14 things we need to do is whether -- I thought maybe
15 the night shift might have time to do this, and if
16 not, I can get a secretary from NSIR to do it by
17 tomorrow.

18 TONY BOWERS: Okay.

19 MICHELLE EVANS: But we need to look at
20 all these volunteer lists and organize it in some
21 way, you know, maybe by teams or by -- maybe not all
22 the way down to the position, but get it in a way
23 where it's easier to see who all volunteered.

24 Then we're going to have to start -- I
25 think people are -- well, I know they are. The

1 people signing up for the shifts are working too
2 many days in a row. We need to somehow insert days
3 off or, you know, maybe -- we can't give them all
4 off Saturday, for example. But --

5 TONY BOWERS: At least have them work
6 six days in lieu of seven.

7 MICHELLE EVANS: Right, and we can, you
8 know, there's plenty of volunteers. If we get, you
9 know, even if it's people who could come in the day
10 before and then an hour or whatever. Yes Tom? I'm
11 not that familiar with the jobs, and the main
12 concern is the people in, you know, DPR, all right,
13 you. Like how many days in a row have you worked,
14 right?

15 TONY BOWERS: Yep.

16 MICHELLE EVANS: So you know, I'm not as
17 familiar with how they've been staffing like the
18 Reactor Safety Team. It just appears to me, when I
19 go back there, it's all different people, you know
20 what I mean? I think they have much more of a mix
21 of people, whereas, you know, for the emergency
22 preparedness, running the Center, you guys are all
23 working it non-stop.

24 I think when we went out to fill the
25 shift, everybody felt like they needed to work, you

NEAL R. GROSS

1 know, so they filled the shift.

2 TONY BOWERS: Right.

3 MICHELLE EVANS: So somehow, if we can
4 have an approach to this. The other problem, I
5 think is -- it's not really a problem. I think we
6 can get by this. I didn't -- when we asked for the
7 volunteers, it was all focused on liaison team,
8 International experience, you know, reactor safety
9 teams, PMT.

10 TONY BOWERS: Right.

11 MICHELLE EVANS: And I didn't
12 specifically say -- oh, I did ask the people who
13 might have worked in EP before, but not specifically
14 those jobs. So if we look at the list, and maybe if
15 we just did that tonight, the next shift like kind
16 of look and see if you can pull off names of people
17 who, you know, target some functions or something
18 that the EP people are doing.

19 If we could identify some other people
20 to come in this weekend. I mean, you know, the
21 volunteers have been pouring forward here, and we
22 should start pulling them in, I think.

23 TONY BOWERS: Yeah. It is a lot to
24 manage with all these folks. So you're right, we
25 need to organize it some way. Otherwise, we just

NEAL R. GROSS

1 have a stack of paper with people, and what we end
2 up defaulting to is the call list.

3 MICHELLE EVANS: Yeah, and that's -- in
4 retrospect, we didn't put them on a list.
5 Basically, we should tell them, you know, no more
6 than five days in a row, and we can do that as we go
7 forward. But I think the goal right now is to get
8 them a day off, and then when they come back and
9 back on, to hold to either whether we can do it with
10 four days in a row or --

11 TONY BOWERS: Yeah. That's a good idea.
12 I think what we can do is put some order to these
13 lists, and I will definitely turn that over for the
14 back shift, because I mean I've pretty much just
15 been cleaning up everything through the course of
16 the day, and I've really just been populating the
17 list.

18 As a matter of fact, I just came back,
19 for example, from the liaison team, and I have all
20 of their schedules. I even have some schedules
21 through April 15th of, you know, directors and
22 coordinators and the International folks, the way it
23 currently is now.

24 It's just something we're going to have
25 to, you know, continue to look at and update. But I

NEAL R. GROSS

(202) 234-4433

1 think on night shift, we have a stack of volunteers,
2 and we can start going through names.

3 The other thing we need to do is what
4 will make it easier for us, in trying to supplement
5 folks who are outside of, you know, the current
6 qualified list, the HOOs actually have a nice, thin
7 little phone directory of everyone in the agency by
8 alpha order.

9 MICHELLE EVANS: Okay.

10 TONY BOWERS: And we essentially -- we
11 need a copy of that list. So I'm going to get with
12 Bill Gott (phonetic) and Jeff Grant, and see if they
13 can't -- it's PII, but it's okay for us, but that's
14 what we have sitting around here, as long as we are
15 diligent with it. But that will definitely help us.

16 MICHELLE EVANS: Now I just sent to
17 ost02 that NRO list of volunteers and the NMSF list
18 of volunteers.

19 TONY BOWERS: Okay.

20 MICHELLE EVANS: Okay. So I don't know,
21 I think that may be it. Actually, there's an NRR
22 list that I got earlier today, that I don't think
23 I've sent yet.

24 TONY BOWERS: Does that NRR list, I mean
25 is it by skill or expertise, or --

NEAL R. GROSS

1 MICHELLE EVANS: The NMSF and the NRO
2 list are by skill and expertise.

3 TONY BOWERS: Okay, great.

4 MICHELLE EVANS: Now if they said they'd
5 go to Japan, I have to pull those names off onto
6 another list, because tomorrow, our goal is to get
7 other -- is to start to narrow down who would go for
8 the next round of people going.

9 TONY BOWERS: Okay.

10 MICHELLE EVANS: So that's what I'm
11 going to be focused on tomorrow, and also try to
12 pick on, decide on which manager is going to go. I
13 believe they're actually going to send the manager
14 in the next few days to overlap with Chuck, is what
15 they were talking to me about right at the end, like
16 before I left at like six.

17 I think we get the name of that manager,
18 that will help that person to pick off of this list
19 of volunteers. They're going to talk to Chuck in
20 the morning about his skill sets that he wants. But
21 I think if it's any different from what he's got,
22 what would be good.

23 TONY BOWERS: Okay.

24 MICHELLE EVANS: So we ought to be able
25 to narrow those people down, and they may be on

NEAL R. GROSS

1 shifts, you know what I mean, those people. We may
2 have to backfill for them. That's fine.

3 TONY BOWERS: Okay.

4 MICHELLE EVANS: All right. So I will
5 send -- I sent the two lists. I'll send the third,
6 but yeah. If you can get, and I don't know what the
7 night shift will be doing in that, but if there was,
8 you know, if for some reason it ends up they can't
9 sort through these lists, I can take it outside of
10 the Center tomorrow and get some NSIR secretaries to
11 work on it.

12 TONY BOWERS: Okay.

13 MICHELLE EVANS: But I think you guys
14 are closer to -- I mean you know the job. You know,
15 whether you want to group it by teams or actual
16 positions or, you know. It's up to you. Just so
17 that, you know, maybe if we can get it in a way that
18 we can use it.

19 TONY BOWERS: Well yeah, and to your
20 point, I think some of the NSIR folks in here --

21 MICHELLE EVANS: Yeah.

22 TONY BOWERS: We can probably just go to
23 them and say, you know, who can do what you're doing
24 outside of NSIR? Give me some names.

25 MICHELLE EVANS: Well, and there's some

NEAL R. GROSS

COURT REPORTERS AND TRANSCRIBERS

1323 RHODE ISLAND AVE., N.W.

WASHINGTON, D.C. 20005-3701

1 people in NSIR --

2 TONY BOWERS: There's some pride.

3 MICHELLE EVANS: And there's some people
4 -- yeah, I know. There are a couple of people in
5 NSIR who were saying they're willing to come in and
6 work, and I don't know if they've been -- sort of
7 Craig Erlanger is like where can I help out or
8 whatever.

9 I don't know if we put him somewhere,
10 but he's like I'll be a communicator, a coordinator,
11 a lawnkeeper, whatever.

12 TONY BOWERS: Well, he could do my job.

13 MICHELLE EVANS: Yeah, there you go.

14 TONY BOWERS: Yeah. I mean it's --
15 yeah, you're right. There's a lot more we can do.
16 So what I will do is I will turn over to -- I have
17 to see who's coming in for me shortly, other than
18 Jeff, and I'll see if we can't go sort through this,
19 and try to organize the information, and at least
20 start something that you could possibly take a look
21 at first thing in the morning.

22 MICHELLE EVANS: Okay.

23 TONY BOWERS: If you don't see it going
24 the way you envisioned, by all means take it out of
25 here.

1 MICHELLE EVANS: Okay, okay.

2 TONY BOWERS: Because otherwise, they're
3 just going to spin their wheels and it's not going
4 to go anywhere here.

5 MICHELLE EVANS: Okay, all right. We'll
6 do that.

7 TONY BOWERS: But yeah. That said, I
8 even have to go through my personal email, because I
9 see a bunch of stuff going to my personal email. I
10 mean my personal being my -- not my Ops Center
11 email, my regular NRC email, yeah.

12 MICHELLE EVANS: NRC email, right.

13 TONY BOWERS: And I haven't had an
14 opportunity to sort through all that email yet.

15 MICHELLE EVANS: Okay.

16 TONY BOWERS: So I'll go through that
17 before I leave and I'll print it all out, and I'll
18 put it in the stack as well.

19 MICHELLE EVANS: Okay, sounds good.
20 Yeah. You're going off at 11:00, and who's coming
21 on? You don't know for sure?

22 TONY BOWERS: Yeah, yeah. Let me see.
23 So Tony will be in in the morning and actually it
24 will be -- let's see, what is today. Today's
25 Friday, Thursday to Friday? So it's Rebecca,

1 Rebecca Stone.

2 MICHELLE EVANS: Okay, all right.

3 Sounds good.

4 TONY BOWERS: So I will give it to her
5 and have her work with the admin assistant, to see
6 if they could get through some of this. They should
7 be able to, because I mean things are kind of status
8 quo right now.

9 MICHELLE EVANS: Okay. All right, good.

10 TONY BOWERS: I'll make one final round.
11 I've probably been through the Ops Center, I would
12 say, three times prior. But I'll get their final
13 list before the end of shift, and everything's
14 pretty much current across all the teams.

15 So I'm turning over a good updated list,
16 and a lot of the gaps are getting filled out.

17 MICHELLE EVANS: Okay, good.

18 TONY BOWERS: So at least that will get
19 us through next week.

20 MICHELLE EVANS: Right.

21 TONY BOWERS: And then, you know, maybe
22 the following week is where we say, all right let's
23 exclude the prior folks, and let's call, let's start
24 working towards a fresh team, you know, to the
25 extent that we can, but --

1 MICHELLE EVANS: Okay, okay. Those are
2 all good options. The last list that I'm sending
3 you is from NRR. At the bottom of it, they have --
4 their list is in a big table. It's just the list of
5 names with some information (indiscernible).

6 They've got a bunch of like their
7 (indiscernible) people, who are saying they would
8 work weekends, and they're all able -- and one of
9 them's a branch chief over there. All these people,
10 there's Carolyn Nguygen (phonetic), Gary Thorpe,
11 Sylvia Gillespia (phonetic) and Hon Lee
12 (indiscernible).

13 TONY BOWERS: Yeah.

14 MICHELLE EVANS: They would all come in
15 and be able to quickly pick up, to be able to do
16 some of these things, especially the ones that said
17 the weekend. So we may want to look at that too, in
18 the more -- because I did, you know, I asked the
19 list by today, so that -- and if they were willing
20 to work the weekend to flag that, in a way that we
21 could pull some people in and give some people
22 breaks. So I'm sending that one right now, okay?

23 TONY BOWERS: Okay.

11 TONY BOWERS: Calling you from a

13 BRUCE WATSON: Yeah, I know.
14 TONY BOWERS: Hey listen. Larry
15 Campbell (sic) wants to talk to you possibly about
16 making a shift adjustment tonight. Let me let you
17 talk to him.
18 BRUCE WATSON: Yeah.
19 TONY BOWERS: Hold on.
20 LARRY CAMPER: Thank you. Hey Bruce.
21 BRUCE WATSON: Yes, Larry.
22 LARRY CAMPER: How you doing?
23 BRUCE WATSON: Okay.
24 LARRY CAMPER: Here's the deal. An
25 issue has come up. There's going to be a meeting

1 tomorrow morning in the White House Situation Room
2 at 8:30 a.m.

3 BRUCE WATSON: Uh-huh.

4 LARRY CAMPER: What they want to talk
5 about, the meeting will conclude reviewing the last
6 plume models, so in-person attendance is encouraged.

7 Seating allows, is limited, they want us there, NRC
8 there, all right. Now one source term expert.

9 The problem is, and if you look at the
10 agenda, they want to talk about plume model review,
11 okay.

12 BRUCE WATSON: Yeah.

13 LARRY CAMPER: And what went into that,
14 and you come to mind as a pretty good person to take
15 part in that discussion.

16 BRUCE WATSON: Uh-huh.

17 LARRY CAMPER: Now the problem is you're
18 on tomorrow morning at 7:00 a.m.

19 BRUCE WATSON: Yeah.

20 LARRY CAMPER: So I've got to find out
21 if either Vince Holahan or Trish Milligan could
22 cover for you, so you can cover that meeting. Would
23 you be comfortable in covering such a meeting at the
24 White House?

25 BRUCE WATSON: At the White House?

2 BRUCE WATSON: Yeah, I guess. I assume

3 --

4 LARRY CAMPER: Pardon?

5 BRUCE WATSON: Yeah. If I'm the person.

6 LARRY CAMPER: Well, the only other name

10 BRUCE WATSON: (b)(6)

11 LARRY CAMPER: (b)(6)

13

14

15 BRUCE WATSON: Yeah. Well, we've
16 learned a lot about RASCAL here in the last week,
17 has its limitations. So yeah, I think I can talk to
18 most of it. I mean I don't know all the -- I know
19 it's built on all the technical documents that have
20 been, you know, NUREGs and stuff that have been
21 developed through the years.

22 LARRY CAMPER: Yeah. So the question
23 is, I've got to try to find Holahan and see if he
24 can do it, or like I say, or Trish. But I wanted to
25 first talk with you, to find out your comfort level

1 in covering such a meeting.

2 BRUCE WATSON: Yeah. I would imagine I
3 can handle that. I mean --

4 LARRY CAMPER: Well, you've been
5 involved with a lot of this along the way, so you're
6 --

7 BRUCE WATSON: Right. So I mean yeah.

8 LARRY CAMPER: Yeah, yeah.

9 BRUCE WATSON: I think so.

10 LARRY CAMPER: Yeah, you have. Okay.

20 going on right now.

21 LARRY CAMPER: Yeah, you do. Yeah, you

1 LARRY CAMPER: Well, it would mean going
2 down there 8:30, you know. Give yourself -- I guess
3 you down to the Metro. You give yourself, you know.

4 BRUCE WATSON: No. I come into the
5 office about five o'clock in the morning, go down
6 with everybody else is what I would do.

7 LARRY CAMPER: Okay. Now as far as
8 who's going, DOE would have -- there's supposed to
9 be one -- seating will allow participation from each
10 organization as listed below. We got DOE, OSTP.
11 Two names are mentioned from DOE, Steve Aoki and a
12 NAREP rep. OSTP suggests two, (b)(6)

13 (b)(6) (phonetic). NRC has one, NOAA has one, HHS
14 has two, DHS has one, OD&I one, DoD three, EPA one,
15 Ed Tupin. U.S. AID one, State, FEMA, one.

16 BRUCE WATSON: Okay. I know Ed Tupin.
17 That's about the only one out of that bunch I know.

18 LARRY CAMPER: You need to have US PACOM
19 via the SVTC and also the Embassy in Tokyo via the
20 SVTC. That's the population.

21 BRUCE WATSON: Have we had any releases
22 with this? It's just over land, do you know?

2 LARRY CAMPER: Well, they're working,

4 situation right now seems stable.

5 BRUCE WATSON: Yeah.

6 LARRY CAMPER: You know seems stable. I
7 haven't heard anything new.

8 BRUCE WATSON: I can't think of his name
9 right now. Eric's pitching in for me so I can have
10 a day off.

11 LARRY CAMPER: Yep.

12 BRUCE WATSON: And I told him just call
13 me if you had any issues that came up that were out
14 of the norm.

15 LARRY CAMPER: Right. All right. Well,
16 the next step is I'm going to call Vince first, I
17 think, see if he can cover for you tomorrow morning,
18 and if he can't, then I'll talk to Trish.

19 BRUCE WATSON: Okay.

20 LARRY CAMPER: And that way, we can
21 cover you and let you cover the White House. So

TONY BOWERS: Yes (b)(6) This is Tony

Bowers with the NRC Operations Center.

(b)(6)

Good evening.

TONY BOWERS: Good evening. I'm calling you from a recorded line. I responded to you earlier in reference to one of our staff here, going to attend the White House meeting tomorrow in the Situation Room on --

(b)(6)

This is for Mr. Watson, correct?

TONY BOWERS: Correct. We actually have an addition to that.

(b)(6)

Okay.

TONY BOWERS: And I forwarded that information to your email address. I just wanted to confirm that you actually received that as well.

(b)(6)

Got it. I definitely think I received it. Unfortunately, I think we may only have one seat for the NRC in the room. Just concerned that we're doing sort of a -- the session

1 tomorrow is going to center really on plume
2 modeling.

3 TONY BOWERS: Right.

4 (b)(6) And while we certainly
5 understand that NRC has a lot of equity in that,
6 we're pretty sure that their country isn't going to
7 be limited solely to sort of a discussion of the
8 source code (indiscernible) the DOE from NRC.

9 TONY BOWERS: Only one person.

10 (b)(6) So I think we're just
11 looking for a single individual to attend if
12 possible, simply because we only have 22 chairs in
13 the room, and if you run through the numbers of the
14 agencies that are going to be there, it fills up
15 pretty darn quickly. Are the two folks absolutely
16 each critical? Do they each have different areas of
17 expertise?

18 TONY BOWERS: Actually, we're getting
19 that clarification right now.

20 (b)(6) Great, okay. I can
21 hold, if you like, if you're getting it right right
22 now, or if you want, just give me a call back when
23 you've got a clear answer, either way is great.

24 TONY BOWERS: Okay, okay. If it's only
25 one, it's going to be Charlie Miller, who is

1 actually --

(b)(6)

2 Oh, is it Charles
3 Miller, Dr. Charles Miller from CDC?

4 TONY BOWERS: No.

(b)(6)

5 I guess we've got two
6 Charlie Millers. That's bizarre. We also have the
7 head of CDC's Radiation Division, whose name is Dr.
8 Charlie Miller.

9 TONY BOWERS: Oh really?

(b)(6)

10 That's unusual.

11 TONY BOWERS: No. His name is Charles
12 Lee Miller.

(b)(6)

13 Okay. I will put it in
14 first thing in the morning tomorrow. There should
15 not be any issues at all. Just so you folks know,
16 this is a last minute meeting, and they're prepared
17 to do the last minute waivers for us. Let me just
18 put you on hold for one sec. I've got to
19 (indiscernible) and check, to make sure I got your
20 email.

21 TONY BOWERS: Okay.

(b)(6)

22 And if I do, we should
23 have no problems. Just one second.

24 (Pause.)

(b)(6)

25 Great. Are you there?

1 I do have the information, and I believe -- if you
2 like, what I can do, Mr. Watson's already cleared
3 and I will do the clearance for Mr. Miller tomorrow.

4 TONY BOWERS: Good.

5 (b)(6)

Tomorrow, first thing.

6 If you would like to have them both come and have
7 Mr. Watson just hang out and see if there's an extra
8 seat once sort of the musical chairs gets finished,
9 that would be just fine, just with the understanding
10 that he might have to cut out without actually
11 attending the meeting, if there isn't enough space
12 in the room. We definitely don't want to limit
13 folks if we don't need to. So if there's an extra
14 seat, we'd be happy to have him.

15 TONY BOWERS: Okay, yes. Let's go ahead
16 and do that.

17 (b)(6)

Okay, great. So I'll
18 just -- I'll let our folks know we have -- I think
19 the question that we either have four or five folks
20 from the National Security staff, just because
21 there's so many directorates that have to be
22 involved.

23 TONY BOWERS: Right.

24 (b)(6)

And they obviously have

4 TONY BOWERS: Okay, I understand.

5 (b)(6) Great, great. Well,

18 ALAN BLAMEY: Okay.

19 FEMALE PARTICIPANT: Are you working on

6 everything's going to go through AT&T.

7 MALE PARTICIPANT: That's correct.

8 ALAN BLAMEY: Okay, and I guess the
9 question I have, I have Sean Flynn standing here
10 with me.

11 SEAN FLYNN: Hi.

12 ALAN BLAMEY: Since I'm leaving
13 tomorrow, I don't have the tickets yet. They're
14 still working on that. How am I going to get the
15 BlackBerry?

16 MALE PARTICIPANT: OIS is going to give
17 it to someone else who is going with you.

18 ALAN BLAMEY: Okay.

19 MALE PARTICIPANT: So they're going to
20 double up. I think you're probably going to get it
21 to -- I think Mike Smith is going. So I think
22 they're going to give it to him to give to you.

23 ALAN BLAMEY: But I think he's coming

4 MALE PARTICIPANT: Mike Scott, I'm
5 sorry, yes.

6 ALAN BLAMEY: I know Michael was going
7 to leave tomorrow as well.

8 MALE PARTICIPANT: Yeah.

9 ALAN BLAMEY: Now, to get that up and
10 running once I get in Japan, it should be all
11 configured and ready to go then?

12 MALE PARTICIPANT: I think it should be.
13 That is correct. I'm in the Ops Center. The OIS
14 people are doing all that in the Network Operations
15 Center. So they've been calling to let us know
16 that they're working on them.

17 ALAN BLAMEY: Okay. So Mike Scott will
18 have that one, and I'll catch up with him somewhere?

19 MALE PARTICIPANT: Yes.

20 ALAN BLAMEY: Over the next 48 hours.

21 MALE PARTICIPANT: I hope so.

22 ALAN BLAMEY: Okay, okay. Sounds good.

TONY MCMURTRAY: NRC McMurtray, recorded
line.

SAYED ALI (phonetic): Yeah, hi. This
is Sayed Ali (phonetic) from Research.

TONY MCMURTRAY: Hi Sayed, how are you?

SAYED ALI: Okay, how are you doing?

TONY MCMURTRAY: Good.

SAYED ALI: (indiscernible)

TONY MCMURTRAY: I saw your name on the
list, the chosen few.

SAYED ALI: I'm trying to find out, you
know, what's the status of getting the BlackBerry.
I still don't have any idea.

TONY MCMURTRAY: Hold on just a second.

(Pause.)

(Background discussion.)

TONY MCMURTRAY: No, he's here.

SAYED ALI: Can you hold on just one
moment? I'm on the other line.

TONY MCMURTRAY: Hey, Sayed?

SAYED ALI: Yeah Tony.

TONY MCMURTRAY: OIS is working it, and
are you in work here or are you -- where are you at?

1 SAYED ALI: I'm in the (indiscernible,
2 sounds like "third C") building.

3 TONY MCMURTRAY: Right. My
4 understanding from Bob is that they're working here.
5 OIS is working to -- Bob Stransky's noting that OIS
6 is working to get everybody from Headquarters a
7 BlackBerry here before you leave.

8 SAYED ALI: Okay, because you know,
9 there's a table that Karen Jackson sent, and it has
10 three columns, names of the people, when leaving,
11 will get BlackBerry by and then it says
12 "BlackBerry?" I don't know what that column means.

13 TONY MCMURTRAY: Does Sayed's have
14 BlackBerry question mark?

15 SAYED ALI: And it says "no." But I do
16 need a BlackBerry. I don't have an NRC BlackBerry.

17 TONY MCMURTRAY: Oh, BlackBerry question
18 mark. He says he does need a BlackBerry is what
19 he's saying. Yeah, they're giving them to
20 everybody, Sayed.

21 SAYED ALI: Okay.

22 TONY MCMURTRAY: All right?

23 SAYED ALI: All right, thanks.

3 CLYDE: Ops Center. This is a recorded
4 line. May I help you?

5 JANE: Hey Clyde, this is Jane. How are
6 you?

7 CRAIG: Well hey Jane, how are you?

8 JANE: Pretty good. I thought about
9 something after you said oh, we'll just put that
10 hour of Saturday on Sunday.

11 CRAIG: Uh-huh.

12 JANE: We can't do that.

13 CRAIG: Why not?

14 JANE: Because that makes it a Sunday
15 hour, and a Sunday hour is eligible for Sunday
16 premium.

17 CRAIG: Oh, we understand that. We were
18 just talking about for the watch bills what can we
19 do.

20 JANE: Yeah but --

21 CRAIG: Just for the watch bill. It's
22 not anybody's T&L list. I don't know who it was
23 that said they wanted the watch bills to jibe with
24 the pay periods.

25 JANE: That would be a branch chief who

1 has to approve time and labor by tomorrow.

2 CRAIG: Okay.

3 JANE: He needs to know who's on watch.

4 CRAIG: Uh-huh.

5 JANE: That would be why.

6 CRAIG: Oh, okay.

7 JANE: So that was --

8 CRAIG: What do you suggest? We put
9 that hour on one and then maybe --

10 JANE: No. You can repeat -- you can
11 repeat the line on the next one.

12 CRAIG: You don't think that would cause
13 a lot of confusion and hate and discontent?

14 JANE: I don't think people would be --
15 I don't think people are that dumb.

16 CRAIG: Okay, okay.

17 JANE: But I'm just saying you've got to
18 identify the folks, so that --

19 CRAIG: That's fine. I'm glad you said
20 that. We haven't done the redo yet, so whatever you
21 think would be easier on the branch chiefs.
22 Goodness.

23 JANE: Yes.

24 CRAIG: So y'all have to approve stuff.

25 JANE: Yes, yes, and this is a T&L week.

1 CRAIG: Yeah.

2 JANE: I have to approve T&L tomorrow,
3 and I need to know who's working, so that we don't -

4 -

5 CRAIG: Oh, you mean through Saturday?

6 JANE: Yeah, through the end of the pay
7 period, which is Saturday midnight. That would be
8 the whole driver of --

9 CRAIG: Yeah, okay. Okay.

10 JANE: I hate to -- that's all. I'm not
11 trying to cause trouble but --

12 CRAIG: Do you want us to send you a
13 watch bill, or just set it up that way on the M:
14 drive?

15 JANE: Oh, I'm on the distribution thing
16 anyway.

17 CRAIG: I know.

18 JANE: So I will get one.

19 CRAIG: Oh, okay.

20 JANE: But no, I need to --

21 CRAIG: We'll just repeat it. I think
22 that would probably be the better way that nobody's
23 confused.

24 JANE: Yeah, yeah. I don't think it's
25 going to really -- I don't think it's going to

1 confuse that many people.

2 CRAIG: I thought it wouldn't confuse
3 anybody if you just had that one hour over there.
4 But then you'd have to look at a different
5 spreadsheet altogether. I hadn't thought about
6 that. So it's easier to double it than --

7 JANE: It's easier, and people will -- I
8 don't think they're going to get lost.

9 CRAIG: Let's change them, though.

10 JANE: Okay.

11 CRAIG: In the future, lessons learned.
12 Don't have any watches that can go over a pay
13 period. No, no, I'm serious. Don't make it
14 midnight pay instead of 11:00 to 7:00. What the
15 hell was that about? Nobody thought about that, did
16 they?

17 JANE: No.

18 CRAIG: If we had this again, that would
19 make it a lot easier. Hey, it's a different day,
20 different pay period, different everything.

21 JANE: Yeah.

22 CRAIG: Yeah, it would be.

23 JANE: Well, you still have turnover
24 time.

25 CRAIG: Errrrrrrr. Then I had 12:15 to

1 8:15. I don't care. I see what you're saying,
2 yeah. I'm not even counting turnover time. I'm
3 just not messing with that silly stuff.

4 JANE: No.

5 CRAIG: I'm even -- still, even though
6 I'm in here four hours doing regular work, I'm still
7 subtracting 45 minutes for lunch, even though I'm
8 not taking it, because you're supposed to, I guess.
9 It's only for an eight hour day. You should
10 subtract 45. You know nobody ever told me.

11 JANE: It's for regular work days. If
12 you're responding and you're not stopping for lunch,
13 then you're not expected to take time out for lunch,
14 if you can't take --

15 CRAIG: Sure, I understand. Watches are
16 different. No. I was just saying, I was putting in
17 a few hours before the shift. I put in a few hours,
18 four hours or so of regular time. So it overlapped,
19 you know. I just said I'll just subtract 45 minutes
20 from that and call it good.

21 JANE: Yeah. That's a question for your
22 branch chief.

23 CRAIG: Oh, squeaky clean. Better safe
24 than sorry on that.

25 JANE: Yeah. Forty-five minutes is

2 JANE: Yep, and they should be helping
3 out, and you know, if you have a volunteers list,
4 you can help.

5 CRAIG: Oh yeah. That's what I'm
6 sending out, as soon as I fix the watch bill. So
7 it's by pay period and by pay week or by whatever.
8 It's one week at a time, but by per pay period.
9 Once we get that fixed, I don't want to send that
10 out and it says "Ignore that. Here's one that's
11 even better or something."

12 JANE: Yeah.

13 CRAIG: So as soon as we get that fixed,
14 we'll send that out plus the volunteers list, and I
15 had a couple of people that they may want to
16 consider, both in RST and PMT, and I just mentioned
17 them by name, and said "here's a couple of new
18 volunteers you may want to think about." So I think
19 it's -- I think it's took us a while, took us little
20 over a week to figure out how things should work, as
21 opposed to jerry-rigging after the fact.

22 JANE: Yeah, yeah. I saw that March
23 bill come out yesterday. It's like ten hours short
24 of the pay period. Oh, come on. Think about this

3 sense to have a watch that overlaps pay periods,
4 which is a mess.

5 JANE: Yeah.

6 CRAIG: You know, for everybody,
7 including people that have to approve the time.

8 JANE: Yes.

9 CRAIG: Okay.

10 JANE: Yes.

5 VANESSA GILES: NRC.

6 TONY BOWERS: Yes. This is Tony Bowers
7 here in the Ops Center. I'm calling you from a
8 recorded line.

9 VANESSA GILES: Okay, okay.

10 TONY BOWERS: Is Mike around?

11 VANESSA GILES: He's operating a VTC
12 right now.

13 TONY BOWERS: Okay. I'm actually -- I
14 don't know who I would talk to. I'm the EST
15 coordinator here. I'm inquiring about a conference
16 call that's supposed to happen tomorrow morning at
17 8:00 a.m. I guess it's going to be a SVTS call and
18 a ET director who is going to be Bruce Boger
19 tomorrow is going to call with the White House.

20 VANESSA GILES: Okay. Is it going to be
21 1 or 2?

22 TONY BOWERS: I don't know. Actually,
23 that's why I'm calling. We got an email from the
24 White House Situation Room, and their question to
25 us, I guess they asked a question to the admin

1 assistant to the Chairman. Their question was I
2 just need to know if they'll be participating from
3 NRC 1 or 2.

4 VANESSA GILES: Okay, umm --

5 TONY BOWERS: And I just came in. So
6 I'm actually calling to verify that everything has
7 been set up, because I need to make a call to the
8 White House to confirm.

9 VANESSA GILES: And Willie Jackson is
10 running the other VTC in the -- where's he at?

11 TONY BOWERS: Let's see. I just need to
12 know if they'll be participating from NRC 1 or 2.
13 Please have your technicians call me, and she gave
14 two numbers.

15 VANESSA GILES: Okay. That would be
16 Willie. Can you do me a favor and email it to me,
17 and I'll give it to Mike, and Mike will coordinate
18 with Willie.

19 TONY BOWERS: Okay. Who is Willie?
20 What's his last name?

21 VANESSA GILES: Willie Jackson.

22 TONY BOWERS: Willie Jackson.

23 VANESSA GILES: It depends on where it's
24 at, you know, whether it's going to be here. If
25 he's got something tomorrow, you know, Mike might

2 TONY BOWERS: Okay.

3 VANESSA GILES: Can you just --

4 TONY BOWERS: Yeah, I can do it. But
5 just you're not aware of anything that's already
6 been scheduled?

7 VANESSA GILES: No, because I'm not the
8 person that, you know, they usually -- Byrne
9 Stapleton (phonetic). He's our branch chief and it
10 usually goes to Byrne. Byrne, he's not here today.
11 He was here. This is his early day.

12 TONY BOWERS: Okay, and who are you?

13 VANESSA GILES: Vanessa.

14 TONY BOWERS: Vanessa, okay. And what's
15 your last name?

16 VANESSA GILES: Giles, G-I-L-E-S.

17 TONY BOWERS: Okay, okay. So you'll --

18 VANESSA GILES: Just zap it to me, and
19 I'll -- Keith Everly is acting for Byrne, so I'll
20 give it to Keith.

21 TONY BOWERS: Okay.

22 VANESSA GILES: Oh, and what's your
23 name? We'll make sure we'll get back with you.

1 asking, it's asking two things. It's asking make
2 contact with the White House, and ensure that the
3 call has been coordinated. Then the other thing is
4 respond back to the Chairman's office.

5 VANESSA GILES: It's a call. The
6 Chairman will be in the call, right?

7 TONY BOWERS: No. It will actually be
8 the ET director. The Chairman has advised that he
9 wants the Executive Team director here in the Ops
10 Center to participate in the call.

11 VANESSA GILES: Okay.

12 TONY BOWERS: Via VTC tomorrow at eight
13 o'clock.

14 VANESSA GILES: All right. Well, what
15 time -- are you going to be there in the next half
16 hour?

17 TONY BOWERS: Yeah. It actually says,
18 I'm looking at a string of emails. Cotina Gibbs, I
19 guess, from the Chairman's assistant, said "I'm
20 awaiting VTC instructions from my contact at the
21 White House, (b)(6) Okay. So she's
22 looking and then the White House responded. So
23 they're actually looking for us to contact them and
