Thanks Matt. This is great. Below are some comments and I still need to connect with Janet to confirm alignment on the proposed schedule. I expect to be able to get back to you this week.

Subject: NEI feedback and draft schedule for meetings around FCIX

Andrew,

Here are my takeaways from yesterday's meeting. Let me know if I missed any key items or mixed up any of the proposed meeting times.

Thanks.

NEI provided the following feedback during our meeting today.

1. Industry views Part 40 as medium to low priority (already provided in [email](#) to NRC, [letter forthcoming – same letter as item 2](#))
2. NEI plans to send a [letter](#) next week (April 7) stating the value of the integrated schedule and recognizing good progress on soluble U and chemical security (may express desire to see progress on Part 70 direct final rule)
3. NEI plans to submit a [letter](#) on Cyber next week ([tentatively](#) ~April 7) to address issues raised during March 3-6 meeting.
4. NEI believes the Part 73/26 reg. basis will have lots of comments and has requested [upfront consideration of a longer](#) comment period - from 45 days to 90-120, NSIR says no due to WITS date

Here is a draft proposed schedule for the meeting around the FCIX, June 9-13, 2014

Monday 12:30pm-2:00pm	Management Drop-in: (discuss Part 74, cyber, etc.)
Monday 2:00pm-2:15pm	Break
Monday 2:15pm-3:45pm	CER: (discuss issue resolution proposal, will consider SFST Regulatory Issue Resolution Protocol)
Monday 3:45pm-4:00pm	Break
Monday 4:00pm-5:00pm	Part 21: (This item is uncertain/tentative.)

Tuesday, all day FCIX:

Wednesday, all day FCIX:

Thursday 8:00pm-3:30pm	Part 73/26: (Meeting run by NSIR, requesting public comment on reg. basis)
Thursday 3:30pm-5:00pm	Counterintelligence: (Meeting with Enrichment and NSIR) This schedule should be adjustable to occur after the Part 73/26 public meeting ends, if possible

Friday 8:30am-10:00am

Generic Letter on NPH: (This item is uncertain/tentative.)

NEI also questioned whether there is any value/desire to have a classified briefing, could also be done in the fall.

Sincerely,

Matt Bartlett
