RE: Alternate Financial Assurance Arrangements and Final Financial Instruments, Honeywell Metropolis Works (TAC NO. L36036)

Mr. Wolf,

By letter dated February 28, 2014 (ADAMS Accession Number ML14064A437), Honeywell Inc. (Honeywell) provided a submittal titled, "Alternate Financial Assurance Arrangements and Final Financial Instruments," to the NRC. In this letter, Honeywell stated that it intends to transition from a surety bond to a self-guarantee as the financial instrument used to provide decommissioning financial assurance for its Metropolis Works (MTW) facility. To support its proposed transition, Honeywell provided the executed self-guarantee and supporting documentation to the NRC for review and approval.

As part of the screening process, the NRC staff has completed the review of the information that Honeywell submitted on February 28, 2014, and found the information acceptable for detailed review. During this review, we will notify you if any additional information, or clarification of existing information, is needed. The staff efforts associated with this review will be charged to Technical Assignment Control (TAC) number L36036. Please reference this TAC number in all correspondence related to this action.

Based on our preliminary review and projection of current review schedules, we anticipate completing our review of your request by September 2014. This date could change depending on the findings of our technical/administrative review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule.
