SUBJECT: Additional Information Regarding Westinghouse's Request for Exemption from 10 C.F.R. Part 30, Appendix A, Regarding Submittal of Documentation of Continued Eligibility to Use a Parent Company Guarantee (Docket Nos. 70-1151, 70-36, License Nos. SNM-1 107, SNM-33)

Dear Ms. Haney:

On January 3, 2014 (resubmitted on January 15, 2014), Westinghouse Electric Company LLC (Westinghouse) submitted a request for exemption pursuant to 10 C.F.R. § 70.17 with respect to the obligation to provide documentation related to decommissioning funding for the Columbia Fuel Fabrication Facility (Columbia) and Hematite Decommissioning Project (Hematite) within ninety (90) days after the end of the Westinghouse fiscal year. Since the submittal of the exemption request, the NRC staff has verbally requested additional information regarding the annual shareholders meetings for Westinghouse's parent company, Toshiba Corporation (Toshiba). Specifically, the NRC staff has asked Westinghouse to provide the dates of Toshiba's annual shareholder meetings since Westinghouse began reliance on a parent guarantee to meet the requirements of 10 CFR part 30, Appendix A and 10 CFR 70.25(f)(2). The NRC staff also asked Westinghouse to provide the date of shareholder meeting for the fiscal year ending March 31, 2014, if it was known.

Westinghouse first began relying on a parent guarantee from Toshiba to support decommissioning funding for its Columbia and Hematite facilities in 2011. As explained more completely in Westinghouse's exemption request, the information included in the annual report that Westinghouse is required by Appendix A to 10 CFR part 30 is dependent in part upon conclusion of the Toshiba annual shareholder meeting. Toshiba holds its annual shareholder meeting in June of each year, as required by Article 12 of its Articles of Incorporation. Since 2011, the Toshiba annual shareholder meetings have been held on June 22, 2011, June 22, 2012, and June 25, 2013, respectively. Prior to that, publicly-available records back to 2006 indicate that Toshiba's annual shareholder meetings have been held on June 23, 2010, June 24, 2009, June 25, 2008, June 25, 2007, and June 27, 2006, respectively. Toshiba makes this historical information publicly-available on its website at <http://www.toshiba.co.jp/about/ir/en/stock/meeting.htm>.

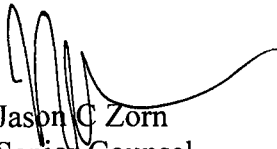

March 24, 2014

Page 2

Regarding the Toshiba shareholder meeting for the Fiscal Year ending March 31, 2014, Westinghouse does not believe that that date has yet been made public, but can provide the following background as a basis to understand when the meeting is likely to occur. Historically, Toshiba has not publicly-announced the specific date of its shareholder meeting until late May/early June of each year. Toshiba has issued "convocation letters" to its shareholders announcing the date of that fiscal year's shareholder meeting. Dating back to 2006, these convocation letters have been issued no earlier than May 30 of each year, and no later than June 1. Westinghouse expects that this year's shareholder meeting will be held in a timeframe consistent with the requirements of Toshiba's Articles of Incorporation and past shareholder meeting dates. However, Westinghouse will notify the NRC as soon as the specific date of this year's shareholder meeting is announced by Toshiba.

Westinghouse appreciates your continuing consideration of our request. Please feel free to contact me at 724-940-8317 or zornjc@westinghouse.com if you have any questions or require any additional information.

Very truly yours,
