Subject: RE: KI Replenishment for DE

Thanks Annette,
I will pass this on to our Logistics staff. This is exactly what they needed to know.

The contact information is correct.

Subject: KI Replenishment for DE

Hi Avery,

I work with Patricia Milligan here at NRC on KI Replenishment for the states. The State of Delaware will be receiving 200,000 (65mg) tablets of Potassium Iodide. Pallet and shipping information below. Your tablets will fill one pallet and part of another pallet. They can be double stacked. I attached the original e-mail I sent back in 2013.

The address Daniel provided for delivery was:

Daniel A. Rose
Delaware Emergency Management Agency
165 Brick Store Landing Road
Smyrna, DE 19977
301-659-2231

Our contractor currently has the address above for delivery, please let me know if this is still correct. Will you be the POC for delivery? I will be in touch to let you know when to expect the delivery.

Pallet Information for KI Shipments

New Pallet Info from HHS:

Each pallet contains 48 cases
Each case has 160 boxes (w/20 tablets per box)
One pallet contains 7,680 (boxes) = 153,600 tablets
Pallet Dimensions 44 x 40 x 40
Each pallet weights 370 lbs.

Please call me if you have any questions or concerns regarding delivery.

Thank you,
Annette
