- NRC - Discussion of LPR Results
- AREVA - Response to NRC Review
- NRC - Adjourn Business Portion
- NRC - Informal Question & Answer  
Session with the Public
- NRC - Adjourn Meeting

# Mission

**The NRC licenses and regulates the Nation's civilian use of radioactive materials to protect public health and safety, promote the common defense and security, and protect the environment.**

# Purpose of LPR

- Inform AREVA and the public of the results of the LPR; and,
- Provide basis for adjusting the focus of inspections at AREVA

# How Is It Done

- Review inspection results, events, and related issues for performance trends during this assessment period.
- Identify areas needing improvement
- Identify areas where increased inspections are needed.

# Functional Areas

- Safety Operations
- Radiological Controls
- Facility Support
- Other Areas
- Safeguards

# LPR Results

- AREVA continues to conduct licensed activities safely and securely; protecting public health and the environment.
- AREVA has maintained its performance. No areas needing improvement were identified.
