SUBJECT: AMENDMENT REQUEST FOR CERTIFICATE OF COMPLIANCE NO. 9321
FOR THE MODEL NO. 3-60B PACKAGE – ACCEPTED FOR REVIEW

Dear Mr. Sisley:

By letter dated January 30, 2014, as supplemented April 4, 2014, you submitted an application to revise the certificate of compliance for the Model No. 3-60B package. Staff performed an acceptance review of your application to determine if the application contains sufficient technical information in scope and depth to allow the staff to complete the detailed technical review.

This letter informs you that the application appears to contain the necessary information to begin our detailed technical review. We have established a schedule for this review which allows for the staff to issue a request for additional information in June 2014. If no additional information is needed, and based on the staff's evaluation, the approval may be issued at that time. However, if additional information is required, the CoC may be issued in September 2014 assuming your responses are satisfactory.

Please reference Docket No. 71-9321 and TAC No. L24883 in future correspondence related to this request. If you have any questions regarding this matter, I may be contacted at (301) 287-9225.

Sincerely,
