Norcross, Georgia 30093

Dear Mr. Reed:

Enclosed is a copy of the cover page for the **amended** "Registry of Radioactive Sealed Sources and Devices Safety Evaluation of Device" Number **GA 1115-D-101-S, A1000 series (Beta-Cath and Corona)**. A copy of the registration certificate has been forwarded to the United States Nuclear Regulatory Commission for inclusion in the sealed source and device registry. This amendment reflects a change in ownership only and did not require a full SS&D evaluation (cover page only).

If you should have any questions, please call our office at 404-362-2675.

Sincerely,

Eric T. Jameson
Environmental Radiation Specialist
