Honorable Louise H. Renne
Deputy Attorney General
Department of Justice
State Building
San Francisco, California 94102

Dear Ms. Renne:

As you requested in your letter of September 13, 1971, to Mr. Joseph J. DiNunno, Director, Office of Environmental Affairs, I am enclosing a copy of the environmental report submitted by the Southern California Edison Company for the San Onofre Nuclear Generating Station, Units 2 and 3. Copies of the report were made available to appropriate Federal, State, and local agencies for comment in August 1970.

On July 23, 1971, the United States Court of Appeals for the District of Columbia Circuit decided the consolidated cases of Calvert Cliffs' Coordinating Committee, Inc., et al. v. U. S. Atomic Energy Commission, et al. As the enclosed public announcement indicates, we are presently reviewing all environmental statements that have been issued and those that are in preparation in order to determine what modifications may be needed to conform to the Court's decision. We will be pleased to send you a copy of any revised statement that may be issued for the San Onofre Nuclear Generating Station.

Sincerely,

Original Signed by
Chris L. Henderson
