Hello Lisa. Per our phone conversation this morning, I understand that University of Nebraska Open File Report 48 (*Geology of the Montrose, Orella, Wolf Butte, Roundtop, and Horn 7.5' USGS quadrangles, Sioux and Dawes Counties* by LaGarry, H. E. & L. A. LaGarry) is not available from the School of Natural Resources Map and Publication Store.

Please confirm that this is so.

Thank you and kind regards.
