Subject: Clarifications to Marsland Environmental Report
Attachments: MEA ER Revised 04 25 2014 CBR redlines.docx; ER Fig_1_1-1 Current Project Layout.pdf; ER Figure 1_1-7 General Arrangement - Satellite Facility View.pdf; Table 1.3-4 Summary of Risk of Erosion for proposed MEA MUs.xls; Table 1 3-7 Marsland Deep Disposal Well Locations and Radius of Influence .docx; Table 4 1-1 Estimated Acres Disturbed by MEA Proj Develop rev 4 14 14.doc

Mirabelle - Attached please find revisions intended to clarify to the Marsland Environmental report. The revisions provide the proposed locations for the six deep disposal wells in the event that six wells are required for sufficient capacity. In addition, we are providing redline/balloon pages where the text of the application has been revised and associated changes to figures and tables.

Included is an update to the current project layout for the Crow Butte plant which now correctly shows both of the deep disposal wells.

I will also make paper copies of the above documents and mail them to you for input into ADAMs.

Thank you. .john
