Gentlemen:

This office has received a copy of your March 31, 1978 application for amendment which you filed with the Division of Project Management relating to a request for extension of Construction Permits Nos. CPPR-97 and CPPR-98 for San Onofre Units 2 and 3. The application was not accompanied by an amendment fee as prescribed by Section 170.22 of 10 CFR Part 170 (copy enclosed). Section 170.12(c) requires that your company provide a proposed determination of the amendment class, state the basis therefor, and submit the fee with your application for amendment.

We have determined from our preliminary review that the requested action falls into Class II (\$1,200) for San Onofre 2 and Class 1 (\$400) for San Onofre 3. You should forward the amendment fees totalling \$1,600 promptly to this office. Fees are payable to the U.S. Nuclear Regulatory Commission by check, draft, or money order. If after the final evaluation of your application is completed it is determined that it was incorrectly classified, you will be refunded any overpayment or billed for any additional amount due.

If we can be of assistance to you, please call 301/492-7225.

Sincerely,
Original Signed by
Wm. O. Miller

William O. Miller, Chief
License Fee Management Branch
Office of Administration
