United States Nuclear Regulatory Commission  
Secretary of the Commission, Docketing and Service Branch  
Washington D.C. 20555 Docket 50-361,362

Dear Commissioners:

I write in behalf of the State of California Emergency and Evacuation Planning Committee for San Onofre State Park. The safety of the many thousands of State Beach visitors, who trust to us their health and their lives on the beaches adjacent to San Onofre nuclear plant, is a heavy burden for those of us who are to provide their protection.

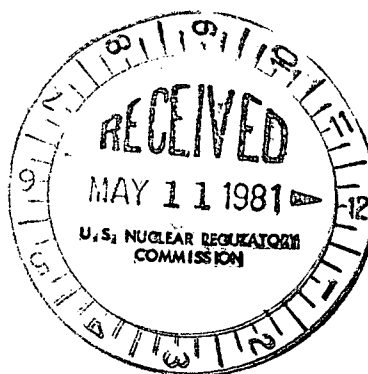

We were appalled at the indication of possibility of very short evacuation time availability (Table 2 of NUREG 0654, 1980). We had, for so many years, been assured by you and by the utility representatives, that an accident which could endanger our beachgoers was "incredible", that it is a shock to us to now be required to plan evacuation of the families in our San Clemente Park beach and campgrounds, three miles from San Onofre, and Doheny Park, eight miles away, as well as the thousands near the San Onofre site boundary on good-weather days.

We are in process of planning for accident at San Onofre (have a first draft of plans), and ask that you not change your rules App. B Part 2 to allow interim licensing before the complete safety process, including appeals, can be completed. We need your protection, and the vast majority of our beachgoers trust you to deny the license of San Onofre 2 & 3 if the public safety cannot be assured.

Sincerely,

*Lyn Harris Hicks*

Lyn Harris Hicks, Director, Emergency and Evacuation Planning Committee  
State of California San Onofre State Park Citizen Advisory Committee
