RESPONSE TO IE BULLETIN 79-01B (45-Day)

Dear Mr. O'Reilly:

As an attachment to this letter, you will find our 45-day response to your bulletin of January 17, 1980. Due to the extremely short time period available for this response, this document represents basically a restructuring of our earlier response to Bulletin 79-01. As such, there may be some changes in the equipment scope as our evaluation moves on to the 90-day response. The slight delay in the submittal of this response, due to administrative problems, was discussed with Mr. Hardwick of your staff on March 3, 1980.

Yours very truly,

B. J. Furr
Vice President
Nuclear Operations
