

APR 13 1967

Deskset No. 30-261

Honorable Robert McHair  
Governor, State of South Carolina  
State House  
Columbia, South Carolina 29201

Dear Governor McHair:

A copy of Provisional Construction Permit No. CFP-26 is enclosed for your information. The construction permit authorizes Carolina Power & Light Company to construct a pressurized water nuclear reactor, designated as the H. B. Robinson Unit No. 2, at the applicant's site in Darlington County, South Carolina.

The permit has been issued pursuant to the Atomic Safety and Licensing Board's Initial Decision dated April 12, 1967, a copy of which has already been sent to you. Also enclosed is a copy of a related notice which has been transmitted to the Office of the Federal Register for filing and publication.

Copies of this letter, with all enclosures (including the Initial Decision), are being sent to the Department of Labor, State Board of Health, State Development Board, and the Pollution Control Authority for their information.

Sincerely yours,

Original signed by  
H. Steele

Roger S. Boyd, Assistant Director  
for Reactor Projects  
Division of Reactor Licensing

Enclosures:  
As stated above

cc: Mr. William F. Funder, Department of Labor  
Dr. E. Kenneth Aycock, State Board of Health  
Mr. Henry C. Schultz, State Development Board  
Mr. W. T. Linton, Pollution Control Authority
