IE REPORT 87-02 COMMITMENT CLARIFICATION

Dear Sir:

This is to document a telephone conversation with your Region II personnel on March 31, 1987. The purpose of the conversation was to clarify a commitment made to Item 5, Specific Observations, Subitem b., Technical Support Center.

As discussed with your Region II personnel, the installation of a selective signaling telephone system in the Warning Points and Emergency Operations Centers previously scheduled for completion in March 1987, has been deferred until the end of June 1987. The change in expected completion dates was due to delays in the construction schedule for these non-CP&L facilities; however, the present communications systems in the existing facilities have proven adequate and prompt, as noted in the IE Report, Item 5.b.

Please contact my staff if you have any questions concerning this letter.

Very truly yours,

R. E. Morgan
